SUMMARY

Sales & Supply Chain Analyst with a PGDM in Research & Business Analytics and strong field experience in B2B sales. As a Management Trainee at Apollo Tyres, led dealer conversion initiatives, territory sales planning, and pricing optimization, directly contributing to ₹14L+ in revenue. Skilled in pipeline building, strategic sales forecasting, and stakeholder engagement. Proficient in SAP, Power BI, Python, and SQL, with hands-on experience in end-to-end supply chain processes. Adept at presenting insights to senior leadership and cross-functional collaboration to drive business results.

WORK EXPERIENCE

Territory Incharge , Apollo Tyres Ltd.

Jul 2024 - May 2025 (10months)

- Managed end-to-end sales strategy for Mumbai territory; contributed to the FY26 target of 300 tons/month by analyzing PCTR and market demand trends.
- Improved demand forecasting accuracy by 66% using historical sales & supply-demand data—enabling data-driven decision-making and optimized resource allocation.
- Identified and prospected 432 new dealer leads; successfully onboarded 41, generating ₹14L+ market value—achieving cross-sell goals.
- Worked cross-functionally with pricing, inventory, and marketing teams to align business strategy with field insights.
- Presented monthly strategic sales dashboards to senior management; contributed to quarterly territory planning and business reviews.
- Participated in dealer engagement activities, collecting VOC (Voice of Customer) to influence product development and service improvement.
- Supported supply chain strategy with SAP-based inventory and pricing analysis, facilitating optimized planning and execution.

Summer Intern, NTPC Ltd.

May 2023 - Jun 2023 (2 months)

- Conducted organizational study across 5 departments, surveying 300+ contract staff on training, satisfaction, and communication channels.
 - Built Power BI dashboards for department heads to identify key operational bottlenecks—resulting in a 20% improvement in collaboration.
 - Applied stakeholder analysis and presented findings to senior HR executives, enhancing internal service delivery.
-
