EDUCATION

- **National Institute of Technology, Raipur** 2022
B-Tech - Metallurgical and Materials Engineering CGPA: 7.71
- **Nachiketa Senior Secondary School** 2022
Central Board of Secondary Education, Madhya Pradesh Percentage: 86
- **Nachiketa Senior Secondary School** 2020
Board of Secondary Education, Madhya Pradesh Percentage: 87.4

PERSONAL PROJECTS

- **US Visa Approval Prediction** [Link](#) June 2025
Built end-to-end US visa prediction system
 - Tools & technologies used: **Python, Machine Learning algorithms, AWS S3, Docker, Github Actions**
 - **Engineered** an end-to-end US visa approval prediction system using features like education and wage; achieved **96% accuracy** with KNN. **Automated deployment** using **Docker** and **GitHub Actions**, and deployed on **AWS S3**.
- **Online payment fraud detection** [Link](#) May 2025
Payment fraud classification using machine learning
 - Tools & technologies used: **Python, Scikit-learn, SHAP, Jupyter Notebook**
 - **Implemented** a payment fraud detection model on imbalanced financial data, achieving **92% accuracy** using SVM and did **SMOTE** resampling; enhanced performance via **feature engineering** and **data cleaning**, and applied **SHAP** for interpretability.
- **Financial Analysis Dashboard** [Link](#) March 2025
Interactive Power BI financial insight dashboard
 - Tools & technologies used: **Power BI, Microsoft Excel, DAX**
 - **Designed and built** an interactive **Power BI** dashboard using **DAX** and automated refresh, improving financial reporting efficiency by **40%** and revealing insights like a **15% Q2 profit drop**, underperforming products, and marketing–revenue correlations.

TECHNICAL SKILLS AND INTERESTS

Programming Languages: Python, SQL

Libraries Pandas, NumPy, Seaborn, Matplotlib, Scikit-learn

Tools: PowerBI, MS Excel, MySQL, Jupyter Notebook, VS Code, GitHub, Docker (basic), AWS S3 (basic)

Languages Known: English, Hindi, and Marathi

POSITIONS OF RESPONSIBILITY

- **Overall Coordinator, Innovation Cell** 2025-present
 - Led innovation workshops and managed a seed grant program, attracting around 90 applicants. Seventy-five received ₹25,000 each to address early-stage funding gaps.
 - The enhancement of event reporting on the IIC portal has resulted in a 60% improvement in data retrieval efficiency. This advancement has significantly contributed to increasing the portal's star rating from 2 to 3.
- **Core Coordinator, Documentation Domain** Shaurya 2024-2025
 - Maintained records for 15+ sports events and ensured smooth team coordination. Directed logistics and participation of 500+ players across multiple sports.

ACHIEVEMENTS

- **Excavate Finalist** at the Machine Learning hackathon organized by COMPOSIT '25, IIT KGP. 21-23 March
