EDUCATION

10 th	(2018-2019)
Percentage = 76.48%	
Sri Adichunchanagiri Composite High School – Shimoga	
Diploma in Computer Science and Engineering	(2019-2022)
Percentage = 62.63%	
D s Dinkar national polytechnic – Shimoga	
Artificial intelligence and data science engineering	(2022 - 2025)
CGPA = 7.19	
Global academy of technology – Bangalore	

SKILLS SUMMARY

Languages : html, Python, SQL, c, CSS
Frameworks : pandas, NumPy, scikit-learn, matplotlib, keras, TensorFlow,
Tools : tableau, power bi, excel, power point, MySQL
Platforms : jupyter notebook, google colab, visual studio code, PyCharm
Soft skills : report building, excellent communication
(Machine learning, deep learning, neural networks, mongo DB)

PROJECTS

- **Revolutionizing Diabetic Retinopathy Detection: AI and Deep Learning for early Diagnosis**
Developed and fine-tuned a VGG16-based CNN using transfer learning on the 35,000-image Gaussian-filtered EyePACS dataset to classify retinal fundus images into five DR stages, achieving 86.3 % accuracy, 0.88 weighted F1-score, and 0.90 AUC-ROC
 - **IoT based weather monitoring system using Nodemcu and Blynk**
Weather monitoring system using the Nodemcu and Blynk app. This project primarily involves three sensors: the rain sensor, the DHT11 sensor, and the LDR sensor. With these sensors, we can monitor factors such as rainfall, temperature, humidity, and light levels.
-

INTERNSHIP

- **Foundations of AI by Edunet and Microsoft**
Completed a rigorous 4-week “Foundations of AI” internship (Apr 10 – May 10, 2025) with Microsoft, Edunet Foundation, and AICTE, where I mastered supervised learning algorithms, neural network architectures, and data preprocessing.
-

CERTIFICATES

- **Data Science for Engineers from NPTEL**
- **Data Analytics Job Simulation with Deloitte through Forage**
- **The Data Science Course: Complete Data Science Bootcamp 2024 on Udemy**
- **Basics of Python , Introduction to Python from Infosys springboard**
- **Explore Machine Learning using Python from Infosys springboard**
