EDUCATION

•Bachelor of Technology in Civil and Environmental Engineering

2022-26

Indian Institute of Technology, Patna

CGPA: 8.64

EXPERIENCE

•SURE Internship

May - July 2025

IITH

onsite

- Developed multi-year geospatial datasets from satellite imagery for supervised LULC classification across Indian cities.
- Built and evaluated ML models to forecast urban growth with spatial and temporal accuracy.
- Conducted decadal change detection and impervious surface analysis to extract meaningful urban development trends.
- utilized Python,GEE,Excel,and QGIS to process geospatial data and deliver actionable planning insights.

PERSONAL PROJECTS

•Sales Analysis for Indian Markets

Analyzed sales data across Indian markets using SQL to extract revenue and profit margins.

- Developed interactive Power BI Dashboards to visualize key metrics and annual revenue.
- Provided actionable insights to optimize profitability and support decision making for businesses growth.
- Technology Used: SQL,Power BI, Excel.

•Web Article Text Analysis

Developed a python NLP pipeline to extract and analyze text from URLS

- Used Beautiful Soup for web scraping and spaCy,TextBlob fro sentiment and readability analysis
- Automated structured data export to Excel using pandas and Openpyxl
- Library's Used: Beautiful Soup, Pandas.

•Rainfall Prediction using Random Forest

Developed a Random Forest classifier for rainfall prediction using historical weather data .

- Preprocessed data by handling missing values ,encoding categorical features and scaling.
- Conducted feature importance analysis to identify meteorological factors.Evaluated performance using classification reports and accuracy metrics

TECHNICAL SKILLS AND INTERESTS

Languages:Python, Sql,R,C/C++

Libraries : Pandas, Matplotlib, NumPy, Seaborn,C++ STL,

Cloud/Databases: Relational Database(mysql)

Relevant Coursework: Database Management,Data science,Data Analysis and visualization using R,Tabuleau.

Soft Skills: Problem Solving, Self-learning, Presentation, Adaptability

POSITIONS OF RESPONSIBILITY

•Coordinator of CCDC IITP

2025-2026

- Facilitating campus recruitment by coordinating companies as CCDC coordinator

•Sub Coordinator of Celesta Tech fest IITP

2023-2024

- Part of 100+members team and responsible for organizing and handling logistics and arrangements of guest lectures during fest

EXTRACURRICULAR

–**Silver Medalist** :Secured runner-up position in the Inter IIT cultural event

2024

–**Semi finalist of Samineevesha** Demonstrated excellent analytical and problem solving skills in case study .2023
