

Skills

Data Analysis: Proficient in Excel, SQL, Power BI, and Python for data analysis and reporting.

Data Visualization: Experienced in creating dashboards and visual reports using Power BI.

Database Management: Skilled in SQL, database design, and management.

Programming: Knowledge of Python for data manipulation and analysis.

Work Experience / Projects

International Business Machines (IBM), Data Analyst Intern

June 2024 – July 24

- Tasked with improving predictive analytics capabilities, I analysed over 1.5 million data records using Python and scikit learn, led to a 23% improvement in model accuracy compared to previous benchmarks
- Created and maintained 5 interactive Tableau dashboards, directly used by leadership for strategy decisions. These dashboards decreased manual reporting time by 40%.
- Led a design thinking workshop to address user analytics pain points, resulting in development of 2 user-centric data solutions.

Defence Research and Development Organisation (DRDO), Technical Intern

May 2024 - July 2024

- Developed a Java-based simulation module to test encrypted data transmissions; increased system simulation speed by 30%.
- Implemented secure file handling mechanisms for inter-system communication, reducing data packet loss by 15%.
- Designed and queried a MySQL database storing 10,000+ test records, streamlining result analysis for the R&D team.

Indian Space Research Organisation (ISRO), Software Intern

June 2023 – July 2023

- Designed and deployed a responsive front-end using HTML and Flask, which supported over 1,200 internal user interactions/month.
 - Implemented dynamic routing and autofill in user forms, reducing submission time by 60% and improving data entry consistency.
 - Coordinated with a team of 4 interns to integrate modules into an existing ISRO web app ecosystem.
-

Professional Achievements

- Secured **2nd place at IIT Jodhpur's "Board Room"** competition (20 teams) analysing the capabilities of ChatGPT vs Bard 3
 - Aced R-CAT Quiz-A-Thon (competitive IT exam) securing a **full scholarship for Government of Rajasthan's IT training Programs**
-

Education

Government Women Engineering College, - Bachelor of Technology (Computer Science| 8CGPA) - YEAR 2025

Ryan international School, Ajmer - XII (93%) - YEAR 2021

Ryan international School, Ajmer - X (88.6%) - YEAR 2019

- Relevant Courses: Data Analysis, Database Management, Python Programming.

- Certifications: Certified Excel specialist and Advanced Prompt Engineering
