## SUMMARY

Analytical and detail-oriented AI & Data Science graduate with strong expertise in data analysis, requirements gathering, and stakeholder communication. Adept at leveraging tools like Excel, SQL, Power BI, and Tableau to derive actionable insights. Passionate about bridging the gap between technical solutions and business needs to drive impactful outcomes. Seeking to contribute as a Business Analyst Intern at Applied Cloud Computing Pvt. Ltd.

## EXPERIENCE

### Data Science Trainee – AlmaBetter (Feb 2025 – Jun 2025, Bangalore)

- Collaborated with cross-functional teams to gather requirements and translate them into data-driven solutions.
- Performed data cleaning, preprocessing, and EDA to identify trends and provide actionable insights.
- Created interactive dashboards and reports using Power BI and SQL for stakeholder decision-making.
- Presented findings and recommendations to stakeholders, improving business decision accuracy.

### Data Visualization Intern – TCS (Jan 2025)

- Collected, analyzed, and documented requirements for an AI-based number plate recognition system.
- Enhanced dataset accuracy by 25% through data preprocessing with Python and OpenCV.
- Managed communication with stakeholders to ensure alignment between technical teams and project goals.

## PROJECTS

### Sales Insights – Power BI & SQL

- Developed interactive dashboards to track sales trends and KPIs, improving decision-making by 20%.
- Gathered and documented requirements from stakeholders to ensure dashboard met business needs.
- Integrated multiple data sources (Excel, SQL) and applied DAX for KPI calculations.

### Automatic Number Plate Recognition – CNN & OpenCV

- Designed and implemented a CNN-based number plate recognition system.
- Collaborated with stakeholders to define system requirements and ensure solution feasibility.

## EDUCATION

Bachelor of Technology – AI & Data Science, Maharashtra Institute of Technology, Aurangabad (2025) – CGPA: 7.37

HSC, Bahirji Smarak Mahavidyalaya, Hingoli (2021) – 90%

## CERTIFICATIONS

- Full Stack Data Science and AI – AlmaBetter (2025)
- Empowering Business with Effective Insights – TCS Forage (2025)

## **SKILLS**

Business Analysis | Requirements Gathering | Stakeholder Management | Data Analysis | SQL | Power BI | Tableau | Excel | Python | Data Visualization | EDA | Statistical Analysis | Problem Solving | Communication | Cloud Computing (AWS)
