## Technical Skills

- Web Technologies: HTML,CSS ,Javacript, React Js
- Programming Languages: Core Java
- Database Technologies: SQL
- Software Development:Object-Oriented Programming
- Testing-Manual testing
- SDLC,STLC,Agile

## Certifications

- Core java
- Certificate API testing

## Professional Summary

Passionate about learning and staying updated with the latest IT technologies. proficient in back-end development using Core Java. Strong problem-solving abilities with a focus on design and integration.

## Work Experience

### 1.Robowaves Pvt. Ltd.

2025

- Currently working as a Development Intern, gaining hands-on experience in Java development, database management, and software development life cycle (SDLC).
- Contributing to backend development using Core Java, JDBC, and SQL, and assisting in UI enhancements using Java Swing.
- Collaborating with the team to develop and optimize software solutions while applying best coding practices and debugging techniques.

### 2.Oasis Infobyte

2023

- Web Development Intern
- Developed a range of interactive and dynamic web-based projects,including:
  - A personal portfolio to showcase skills and achievements.
  - A temperature converter website for real-time.

## Projects

### 1.An efficient spam detection technique for iot devices

- Technology: Java
- Front-End developer
- Developed a networking-based project to address challenges in spam detection for IoT devices. Proposed a novel algorithm and built a web-based application to identify spam from various smart device datasets effectively.

### 2. Nvidia Broadband Billing System

- Developed a GUI-based broadband management application using Java Swing for efficient handling of broadband services, billing, and customer support.
- Implemented customer registration, plan selection, billing automation, payment processing, and complaint management. Integrated JDBC with MySQL for seamless database operations and ensured secure data validation.

### 3.Organ Donation and Transplantation System

- Technology: SQL
- Role: Database Developer
- Description:  
Developed and optimized an SQL database for managing donor registrations, recipient matching, and transplant tracking, ensuring efficient data storage and compliance with medical regulations.

## Education

### Padmashri Dr.Vitthalrao Vikhe Patil College of Engineering,Ahilyanagar

- Bachelor of Engineering-Information Technology(IT) Engineering 2024
- CGPA: 9.00

### Ramrao Chavan Mahavidyalaya, Ahilyanagar

2020

- HSC-72%

### Swami Vivekanand Primary School, Navnagapur, Ahilyanagar

2018

- SSC - 76%
