

GOVINDU SAKETH

+91 797 576 4170 | sakethg6@gmail.com | [LinkedIn](#)

Aspiring software engineer with a strong foundation in data analytics and full stack development, eager to apply my skills in designing, developing, and optimizing innovative software solutions. Passionate about leveraging data-driven insights to drive business decisions and enhance user experiences, I seek to contribute to a dynamic team where I can grow, learn, and make a meaningful impact in the technology industry.

PROFESSIONAL EXPERIENCE

- **Tech Mahindra** - DevOps Intern July 2025
Automating CI/CD pipelines to improve system reliability and accelerate deployment speed, contributing to faster and error-free releases for client projects.
- **Rooman Technologies** - Cloud Application Developer Intern Nov - May 2025
Developing and deploying cloud applications using AWS and Azure, focusing on scalability, performance, and real-time availability.
- **Varcons Pvt Ltd** - Full Stack Developer Intern Oct 2023
Learned the basics of full stack development and built simple web pages using HTML, CSS, JavaScript, and Node.js.

EDUCATION

Dayananda Sagar Academy of Technology and Management	Bangalore, India
Bachelor of Engineering in Information Science CGPA: 7.5	May 2025
Deeksha PU College	Bangalore, India
Second Year Pre-University: PCMC Percentage: 89	Jun 2021

SKILLS

Programming Languages: Python, HTML, CSS, SQL
Tools & Technologies: VS Code, Git, AI, Cloud Computing, Power BI
Databases: MySQL, MongoDB

PROJECTS

- **Augmented Reality Product Showroom**
Built a responsive AR/VR-enabled product showroom website using WebXR and 3D integration tools, enhancing customer engagement through interactive and immersive user experiences.
- **Smart Jacket for Blind People**
Designed an IoT-based smart jacket for visually impaired users, integrating GPS, microphone, and coin vibrators to enable real-time navigation, obstacle detection, and voice-assisted mobility.
- **Online Transaction System**
Developed a web platform to manage multiple bank accounts and visualize financial analytics using React.js, MongoDB, and TypeScript, improving personal finance tracking and transaction efficiency.

OTHER ACTIVITIES

- Coordinated and led 10+ campus-wide technical and cultural events, managing teams of 20+ members, streamlining schedules, and ensuring 95%+ participant engagement and successful on-ground execution.
- Led the college dance team for two years, winning multiple inter-college competitions and securing total prize money of ₹15,000. Handled choreography, team coordination, and stage performances, contributing to the team's consistent success.
- Represented college in 2+ university-level cricket tournaments, consistently scoring 35+ runs per match and leading the team to quarterfinals; demonstrated strong leadership, strategic thinking, and teamwork under pressure.
