

Harikrishna Depuri

Address: Hyderabad, Telangana-500016, India

Phone number: +91 9908507746

Email address: depurinani111@gmail.com

Profile

Highly skilled full-stack web developer with a strong knowledge background in Web development. Proficient in Html, CSS, JavaScript, bootstrap, Tailwind CSS, ReactJS, java, Spring boot, MySQL, Git/GitHub, DevOps and Figma. Adept at creating visually appealing and user friendly websites. Passionate about coding and constantly seeking opportunities to enhance skills. Excels in problem solving and collaborating with teams.

Work experience

Full-stack Java Developer – Fresher

As a fresher in the Full Stack Developer role with a focus on end-to-end web development, I bring a solid foundation in both front-end and back-end programming. Despite my limited professional experience, I have independently completed various projects, showcasing my proficiency in key technologies and a commitment to continuous learning. Eager to contribute my skills and passion for development to your team

Software Developer (DevOps) – internship

Puopale creations and IT Solutions 11/2024 - 2/2025

I gained valuable hands-on experience in automating, deploying, and maintaining applications in a fast-paced, collaborative environment. By the end of the internship, I acquired a solid understanding of the DevOps lifecycle, including continuous integration, automated deployment, and cloud infrastructure management. This internship has prepared me for a future role as a DevOps engineer, where I can apply my skills in real-world projects and further expand my expertise.

Projects

09/2022 – 04/2023

B.Tech

ATM SAFETY SYSTEM USING RASPBERRY PI

An ATM safety system using Raspberry Pi can significantly enhance security through various features.

Integrating cameras for real-time streaming and facial recognition allows for continuous monitoring of ATM surroundings.

Emergency alerts are facilitated by a panic button and sensors that detect tampering, automatically notifying authorities.

03/2024 – 04/2024

CALCULATOR

I played a key role in the development of a calculator website.

where I leveraged my skills in web development to create an engaging and user friendly platform. This project allowed me to showcase my proficiency in Html, Css, Bootstrap Javascript, React js, Mysql. The experience enhanced my ability to work in collaborative environments, meet project deadlines, and deliver high quality results in web development.

Certifications

02/2025

DevOps with AWS (Amazon web services)
Puopale creations and IT Solutions
