WORK EXPERIENCE

Tetra Pak India PVT LTD.

Data Analysis Intern

Pune, MH

Dec 24– June 25

PROJECT-1 : NCR (Non-Conformance Report) Automation using Microsoft Forms and Power Automate

- Implemented Microsoft Forms and Power Automate to streamline Non-Conformance Report (NCR) processing; ensured 100% of NCRs reached the correct department, eliminating misdirection errors and improving overall process accuracy.
- Developed automated Non-Conformance Report (NCR) workflow using Power Automate, routing submissions to relevant departments; reduced manual handling by 90% and accelerated resolution time by an average of 72 hours.

PROJECT-2 : Pallet Recall

- Deployed a Power Automate flow triggered by a Power App to log pallet details when flagged, resulting in 99% accurate pallet recall notifications to concerned parties, supporting operational efficiency.
- Engineered a Power Apps/Power Automate pallet recall system, automating email notifications to stakeholders containing pallet details, ensuring prompt action and communication; reduced pallet processing time by 6 hours.
