Summary

Aspiring statistician pursuing a BSc (Hons) in **Statistics**. Experienced in **art** and **sketching**, combining analytical and creative thinking. Passionate about leveraging statistical knowledge for data-driven insights and applying artistic skills in innovative environments.

Education

Hindu College, Delhi University

Bachelor of Science in Statistics

Aug 2023 – Present

North Campus, Delhi

Technical Skills

Languages and DataBases: Python, SQL(Postgres)

Visualization Tools: Power BI

Other Skills: Advanced Excel, Data Analysis

Projects

Zepto E-Commerce SQL Analysis

June 2025

- **Performed exploratory analysis** on 1,000+ SKUs using SQL to uncover trends in pricing, stock status, and category performance.
- **Cleaned and transformed raw data** by removing invalid price entries and converting units, ensuring data integrity for analysis.
- **Estimated category-wise revenue** by aggregating discount price and available quantity, identifying top-performing product categories.
- **Segmented products** into low, medium, and bulk inventory groups using SQL CASE statements to enhance stock classification.
- **Calculated price-per-gram** for products >100g to derive value-based pricing insights and support customer-centric strategies.
- **Identified out-of-stock premium products** (MRP > ₹300) to highlight inventory gaps and support data-driven restocking decisions.

Ferns and Petals Sales Analysis Project

May 2025

- **Analyzed ₹35 lakhs in total revenue** across 12 months to uncover monthly sales trends and identify peak demand periods.
- **Created an interactive dashboard** using Excel pivot table to visualize top-performing products, customer spending, and city-wise sales distribution.
- **Identified top 5 products** contributing highest revenue, enabling targeted marketing strategies around high-margin SKUs.
- **Compared sales across occasions** (Diwali, Raksha Bandhan, Valentine's Day, etc.) to highlight event-based revenue drivers and optimize campaign timing.
- **Evaluated delivery time patterns** across order quantities, uncovering key logistics insights for improving customer experience.
- **Ranked top 10 cities by order volume**, providing regional sales intelligence for potential expansion and resource allocation.

Position Of Responsibility

Senior Artist, Abstractions – The Fine Arts Society, Hindu College, Delhi University

Sept 2023 – Present

- Coordinated large-scale art festivals (Rangsrijan '24 & '25), engaging over 2500+ attendees and 100+ artists.
