

EDUCATION

Degree	Specialization	Institute	Year	CGPA
B.Tech	Computer Science & Engineering (Specialization in Data Science)	Raghu Engineering College	2020 - 2024	8.86

SKILLS

- **SQL:** MySQL, Data types, Queries, Subqueries, Joins, CTE, Window functions, Aggregate functions.
- **Power BI:** Power Query, Time intelligence functions, Data Modeling, DAX functions.
- **Excel:** Pivot Table, Power Pivot, Lookup Functions, Power Query, Excel Functions, DAX Measures.
- **Python:** Numpy, Pandas, Stats Models, Matplotlib, Seaborn, EDA (Exploratory Data Analysis).
- **Tools:** Amplitude, CleverTap, and Metabase.
- **Soft Skills:** Problem-Solving, Effective Communication, Decision-Making Ability, Analytical Thinking.

INTERNSHIP EXPERIENCE

- **Marketing Analyst Intern** [Hopscotch - Bangalore] May-Present 2025
 - Improved **Amazon Ads performance** by **25%** by optimizing **CTR, ROAS, and ACOS** maintained daily **CRM data** to support **push notifications** and track **user engagement**.
 - Reduced adds wastage by **20%** through inventory-aligned targeting and automated reports with **Power BI and SQL**, saving **30%** effort, and analyzed behavior via **Amplitude, CleverTap, and Metabase**.
- **Data Analyst Intern** [Mentorness - Remote] July-August 2024
 - Revamped **data preparation** workflows, enhancing accuracy and reliability of datasets; established a new protocol for data entry, **reducing discrepancies by 80%** and enabling faster decision-making across departments.
 - Conducted **data analysis** on large datasets using Excel, SQL, and Power BI, delivering **5+** dynamic dashboards and reports that improved **decision-making efficiency by 30%** and informed business decisions by **25%**.

PROJECTS

- **IPL Data Analysis Dashboard** [MS-Excel, Power BI, DAX, Power Query] [Link](#) July-August 2024
 - Developed and implemented using Power BI to **visualize and analyze** player performance, match outcomes, and **team Statistics** delivering actionable insights to support informed **decision-making**.
 - This allowed users to explore data with ease, **filtering** by specific seasons, teams, and players This project significantly enhanced **data accessibility, streamlined analysis processes**, and supported more informed and decision-making within the IPL ecosystem.
- **Atliq Consumer Goods Ad hoc Insights** [MySql Workbench, PowerBI] [Link](#) Nov-Dec 2024
 - Led the **AtliQ Hardware** Analytics Report project, using advanced SQL queries to analyze datasets, which resulted in a potential **30% reduction** in data processing time.
 - Identified emerging sales trends, with recommendations that could contribute to a projected **15% increase** in revenue and a **10%** improvement in operational efficiency if implemented.
- **Customer Performance Report(AtliQ Hardware)** [Excel, Power Query, Power Pivot, Pivot Table] [Link](#) Aug-Sep 2024
 - Conducted a detailed sales analysis, **optimized** listings and promotions for Amazon resulting in a **27% increase** in click-through rates, and implemented targeted **marketing strategies** for Acclaimed Stores and AtliQ e Store boosting sales by **\$1.2 million** collectively.
 - Achieved significant sales increases: **304.5%** overall, **378.1%** for Acclaimed Stores, **218.9%** for Amazon, and **223.8%** for AtliQ e Store, surpassing revenue targets by **\$2.5 million**.
- **Online Retail Analysis** [Python, Pandas, Numpy, Matplotlib] [Link](#) Jan-Feb 2025
 - Analyzed **50,000+ e-commerce transactions** to identify sales trends, top-selling products, and customer behavior, improving demand forecasting **accuracy by 25%**.
 - Conducted **data cleaning, exploratory data analysis (EDA)**, and visualized key insights, optimizing inventory management by **30%** and enhancing marketing strategies by **20%**.

CERTIFICATIONS

- **Excel: Mother of Business Intelligence** issued by Codebasics [Certificate](#)
- **MySQL Specialist Certification** issued by Maven Analytics [Certificate](#)
- **Data Analytics Essentials** issued by Cisco Networking Academy [Certificate](#)
- **Python and SQL** issued by HackerRank [Certificate](#)
- **Data Analyst in Power BI** issued by DataCamp [Certificate](#)
- **Power Query, Power Pivot ,DAX** issued by Maven Analytics [Certificate](#)
