STRENGTHS

- Problem Solving
- Adaptability
- Strong Work Ethic
- Time Management
- Communication Skills

CERTIFICATION

- Data Analytics ,
6 Months, IT Vedant.
- Data Analysis with
Python, IBM

SEMINARS/ WORKSHOP

- Stock Market / Technicals/
Analytics/ Live Trading Seminar-
UpGrad.
- Statistical Analysis -Great
Learning.
- Master Data Management for
Beginners - TCS

TECHNICAL SKILLS

- Python
- SQL
- MS Office
- MachineLearning
- Tableau
- R programming

LANGUAGES KNOWN

- English
- Hindi
- Marathi
- German A1

CAREER OBJECTIVE

To secure a responsible career opportunity to fully utilize my learnings, knowledge, and skills, while making a significant contribution to the organization.

EDUCATION

MSc Data Science / Pursuing
DES's Kirti M.Doongursee College(Autonomous), Mumbai
University

B.Sc Statistics / 2022
DES's Kirti M Doongursee College, Mumbai University

HSC / Science / 2016 – 2018
DES's Kirti M.Doongursee College, Maharashtra State Board

SSC / 2016
Thakur Vidya Mandir High School, Maharashtra State Board

EXPERIENCE

- DATA SCIENCE INTERN

UNIFIED MENTOR | APRIL 2024 - JUNE 2024

- Performed analysis using Python, R, and Excel

- Market Research Intern

Avalon Global Research Services | JANUARY 2025 – APRIL 2025

- Conducted market research and competitor analysis on the Bajaj Auto Project focusing on transportation.
- Assisted in data collection, analysis, and report preparation.
- Provided insights on industry trends and consumer behavior

PROJECTS

- Analytics with python performed on csv file.
-Performed exploratory data analysis and applied analytical techniques using libraries such as Pandas and Numpy.
- Python project on csv file.
- Data preprocessing and exploration was done. Feature importance was found using python data structures.
- Machine Learning project on Stock Market Data
-Accuracy of the model to predict the stock prices was improved using Machine Learning APIs.
- Machine learning project performed on csv.file
-Machine learning algorithms were used to understand and clean the data.
