Dada Patil College Karjat , A Nagar	[81.37%]
HSC	2017
Shri Vitthal Vidyalaya Mahi-Jalgaon	[60.31%]
SSC	2015
Shri Vitthal Vidyalaya Mahi-Jalgaon	[80.40%]

EXPERIENCE

Rakini Softech Pvt Ltd as Intern

Project :-Data Analysts of Share Market by Option Chain

Description: Developed a stock market analysis system using Python to process futures and options chain data.

Used Tools: Python, Power Bi, SQL, Ad. Excel.

Key Responsibility: Data Collection, Data Cleaning, Analysis Modeling, Visualization Reporting. Implemented real-time data fetching via APIs/web scraping for OI, IV, volume, bid-ask QTY, and LTP.

Used Pandas and NumPy for data analysis and Matplotlib/Seaborn for visualization.

Automated trend identification and market sentiment analysis using Python-based algorithms.

Enhanced trading insights with dynamic data processing and predictive analytics.
