Education

Bachelor Of Technology (B.Tech)

2020 – 2024

- Dnyanshree Institute Of Engineering And Technology
- CGPA : 7.75

Skills

Python | SQL | Power BI | Adv Excel | AI | ML | Android Development

Experience

Data Executive

(Kroll)

2025 - Present

- Handled and updated sensitive U.S. client data using Seasalt software, ensuring compliance with cybersecurity protocols.
- Performed quality assurance (QA) checks to maintain data accuracy, consistency, and integrity.
- Identified and corrected data discrepancies, improving the overall quality and reliability of project outputs.
- Maintained strict data confidentiality while working in a fast-paced, high-volume environment.

Work Projects

Predict Hotel Booking Cancellation Analysis Using Python

- Analyzed the trend of hotel booking cancellations by examining historical data to identify key factors contributing to the increase in cancellations. Utilized **Pandas** for data manipulation and **Scikit-learn** for predictive modeling to uncover patterns and causes. Conducted **exploratory data analysis (EDA)** and statistical tests to generate actionable insights. Presented the analysis and findings using **Jupyter Notebook**.communication of findings and solutions.

Personality Prediction Using AI

- Developed an open-source project for personality prediction using **AI**. Built the backend with **Python**, integrating **Flask** for web framework support, **Pandas** for data manipulation, **Scikit-learn** for machine learning, and **MySQL** for database management. Designed the frontend using **HTML** and **CSS** to create a seamless user experience, demonstrating expertise in **AI**, **data handling**, and **web development**..

HR Data Analysis Using Power BI

- Developed an interactive **HR Data Analytics Dashboard** to visualize key metrics such as attrition rate, average age, salary, and years of service. Used diverse visualizations like **KPI cards**, **pie charts**, and **bar charts** to analyze attrition by factors including education, age group, gender, job role, and salary range. Enhanced data storytelling by highlighting trends and patterns, supporting strategic **HR decision-making**.

Courses & Certifications

- Innovation Academy : Python Programming
- IBM SkillsBuild : Data Analyst
- Nasscom Foundation : Data Analyst
