

PROFESSIONAL SUMMARY	Detail-oriented and proactive Data Analyst with 1.7 years of hands-on experience in data validation, report generation, and business reporting using tools like Excel, SQL, Power BI, and Python (Pandas, NumPy, Matplotlib, Seaborn). Proficient in relational databases, data quality assessment, and data governance support. Demonstrated ability to identify trends and anomalies in large datasets, apply data profiling techniques, and contribute to metadata and catalog maintenance. Strong communication, time management, and stakeholder collaboration skills with a proven record of delivering accurate, actionable insights.		
SKILLS SUMMARY	Data & Programming : SQL (joins, window functions, CTEs), Python (Pandas, NumPy, Matplotlib, Seaborn), Power BI & Tableau – dashboard creation & reporting Tools: Excel (Advanced Functions, Pivot Tables, Power Query, VBA), SQL, Power BI, Tableau, Python (Pandas, NumPy, Seaborn, Matplotlib), Google Workspace, Canva Analysis : Data Validation, Data Profiling, Metadata Management, Reporting, Relational Data Models Soft Skills: Attention to Detail & Data Quality, Stakeholder Collaboration , Analytical Skills, Time Management, Innovation & Process Improvement , project management, Clear Communication & Storytelling, Team Player, Problem-Solving, Organizational Skills, data storytelling, presentation skills		
CERTIFICATION & COURSES	Data Analytics & Business Intelligence - Built ETL workflows using Python and Power BI to support data-driven decisions. - Designed business dashboards and SQL queries to improve reporting accuracy and timeliness. - Acquired practical experience in analyzing KPIs, business trends, and customer behavior.	(Naresh IT)	
INTERNSHIP	Empowering Business with Effective Insights - Built automated data pipelines and dashboards that reduced reporting time by 50%. - Collaborated with stakeholders to align metrics with product development KPIs. - Proposed cloud-based optimization strategies to accelerate delivery cycles.	(Tata Technologies Group's)	
	Data Analytics and Visualization Job Simulation - Designed business use cases and performed data mapping for integration solutions. - Delivered insights to improve product strategy and customer targeting initiatives.	(Accenture North America)	
PROJECT	Bank Churn Analysis Dashboard End to End Project - Used Python for EDA and feature engineering, built a churn prediction dashboard in Power BI. - Supported business decisions by identifying high-risk customer segments.	(Python and Power BI)	
	Blinkit Sales Analysis Dashboard - Developed end-to-end BI solution with Power Query, DAX, and drill-down views. - Used Excel for pre-processing, data modeling, and analysis.	(Excel and Power BI)	
EXPERIENCE	Data Visualization Associate (Internship) FEB - MARCH 2025 - Conducted data profiling and exploratory analysis to identify trends, anomalies, and data quality issues. - Created and maintained Power BI dashboards to visualize KPIs related to user engagement and performance. - Supported data validation and cleaning using Python (Pandas, NumPy) and Excel functions (VLOOKUP, Pivot Tables). - Delivered actionable insights that guided business decisions and internal reporting accuracy.	Excelerate	
	General Virtual Assistant 2023-2024 - Managed Excel-based reports and conducted data tracking to support daily business operations. - Assisted in building client-ready presentations using Canva and Google Workspace. - Performed data entry validation, collaborated across departments, and supported internal project documentation and schedules. - Tools used: Excel, VBA, Google Workspace, HubSpot CRM.	Wing Assistant Ltd.	
	Sales Executive , Pune 2022-2023 - Maintained and updated client data catalogs and reports for the internal sales team. - Used advanced Excel techniques (SUMIFS, IF, Data Validation) for tracking sales trends and KPIs. - Participated in cross-functional meetings with operations and marketing for data-driven strategy planning.	PHN Technology Pvt Ltd.	
EDUCATION	Savitribai Phule University, Pune 2019 - 2022 B.E. in Mechanical Engineering	Grade : First Class With Distinction
