EDUCATION

2022 - present	International Institute of Information Technology, Naya Raipur Bachelor of Technology in Electronics and Communication Engineering - Expected May-2026	CGPA-6.74
2020 - 2021	St. Joseph's Co-Ed School, Bhopal 12th standard	Percentage-88.4
2018 - 2019	St. Joseph's Co-Ed School, Bhopal 10th standard	Percentage-90.8

SKILLS

- **Programming Languages:** C, C++, Python (basic)
- **Developer Tools:** HTML, CSS, Javascript, Node.js, Express, MongoDB, MySQL.
- **Technologies:** Git, Github

PROJECTS

- **FeedForward**
Surplus food management system
 - Restaurants and NGOs register on FeedForward. Restaurants list surplus food items with quantities available for donation. NGOs can browse, request specific food items and quantities, and provide feedback.
 - Built using HTML, CSS, and JavaScript for the frontend, and powered by Node.js, Express.js, and MongoDB for the backend.
- **StyleSnapper**
Clothing recommendation system
 - AI-powered tool that allows users to upload images of clothing items and receive recommendations for similar products.
 - Utilized CNN for image processing and feature extraction, with KNN for recommending similar clothing items based on extracted features.
- **OPPORTUNITY NETWORK**
Job Portal
 - Users can sign up to apply for jobs, browse and search job listings. Job providers can post job openings and manage applications.
 - Built using React for the frontend, Node.js, and Express.js for the backend, with MongoDB for data storage.

COURSE WORK

- Data Structures and Algorithm
- Database Management System
- Object-Oriented Programming

ACHIEVEMENTS

- Secured First position in ML Mania'23 at IIIT Naya Raipur.
- Google Girl Hackathon Semi Finalist 2025.
- JEE Main 2022 Rank-62k
- Achieved highest rank of 450 in Codechef Starters 139 Division-4.
- Solved over 250+ questions across all coding platforms.
- Participated in Hack-a-Sol Hackathon at IIIT Naya Raipur.

CODING PROFILES

CodeChef	kopalpardasani Active competitive programmer on CodeChef, solving algorithmic challenges.
LeetCode	kopalpardasani Problem-solving on LeetCode, focusing on Data Structures and Algorithms.
