I am a recent BBA graduate with a specialization in Finance, eager to start my career in the corporate world. With a strong academic foundation in financial management, accounting, and business operations, I am a quick learner, detail-oriented, and committed to delivering results. I am seeking an opportunity in a reputable organization where I can apply my knowledge, gain hands-on experience, and grow professionally.

Project

April 2025

Exploring the significance of Entrepreneurship

Narula Institute of Technology

- Conducted a primary survey with 60+ people including students and small business owners.
- Analyzed data to understand traits, motivators and challenges faced by entrepreneurs.
- Created a clear presentation using easy-to-understand charts and visuals to give actionable insights.
- Designed and executed surveys, interviews, and case studies to evaluate entrepreneurial behavior across industries
