Data Analyst/Business Analyst

Results-driven Computer Applications student with demonstrated expertise in data analysis, business intelligence, and statistical modeling. Proven track record of developing interactive dashboards and extracting actionable insights from complex datasets using SQL, Python, and Power BI. Strong analytical mindset with experience in identifying market trends and operational inefficiencies. Seeking to leverage technical proficiency and problem-solving abilities to drive data-informed decision-making in a dynamic business environment.

EDUCATION

BACHELOR OF COMPUTER APPLICATIONS

KL University • Aziz Nagar, Hyderabad

01/2023 - 01/2026

CGPA: 8.8

SKILLS

Programming & Querying: Python, SQL, MySQL

Python Libraries: NumPy, Pandas, Seaborn, Matplotlib

Core Competencies: Analytical Problem-Solving, Critical Thinking, Data Interpretation, Attention to Detail, Business Acumen, Stakeholder Communication, Project Management, Collaborative Teamwork

Data Analysis & Visualization: Excel (PivotTables, Pivot Charts, Slicers, XLOOKUP, VLOOKUP, Power Query, Advanced Charting), Power BI (DAX), Data Modeling, Trend Analysis, Dashboard Creation

PROJECT EXPERIENCE

EXCEL DASHBOARD ANALYSIS

05/2025

- Engineered a dynamic Excel dashboard to monitor and analyse call centre KPIs, incorporating pivot tables, slicers, and advanced charts to visualize monthly call trends, daily operational metrics, agent-specific performance (e.g., R01-R05), and comparative analysis across different locations.
- Translated raw call centre data into actionable insights, enabling the identification of performance bottlenecks and opportunities for enhancing operational efficiency and customer satisfaction ratings.

SQL LAYOFF DATA ANALYSIS

04/2025

- Executed SQL-driven analysis of extensive global layoff data, quantifying that technology and finance sectors experienced 35% higher layoff rates in 2024 compared to other industries.
- Delivered critical data-backed insights that directly informed the strategic development of targeted career transition support initiatives.
