PROFILE

Self-motivated and hardworking fresher looking for opportunities to gain valuable work experience and secure a position to contribute my skills effectively for the growth of the organization and my professional career.

EDUCATION

Swarnandhra College of Engineering and Technology 2021 – 2025
Bachelor of Technology in Electrical and Electronics Engineering Narasapuram
CGPA :8.07

Pragathi Junior college 2019 – 2021
Intermediate Tanuku
Aggregate : 65%

SSC 2014 – 2019
Z.P High school K.I Parru
CGPA : 8.00

SKILLS SUMMARY

Languages: Core Python, SQL, MySQL, HTML, CSS, Java (Basic), JSON
Frameworks & Libraries: Flask, Django, Pandas, NumPy, Matplotlib, Selenium
Tools & IDEs: VS Code, Jupyter Notebook, Git, GitHub, Power BI, Excel, Tableau, PowerPoint
Databases: MySQL, SQLite, Relational Databases, Indexing, Data Analysis Concepts
Development & Testing: REST APIs, Unit Testing, OOPs, Data Structures

PROJECTS

Smart Waste Management System | Python, Django, ML

Developed a full-stack web application where users upload waste images, and an ML model classifies them into wet/dry/recyclable. Admin dashboard handles request tracking and status updates. Implemented user authentication and role-based access.

SUPERMARKET SALES ANALYSIS USING POWER BI

Built an interactive dashboard to analyze daily sales performance across branches, products, and customer types. Used Power BI to clean data, create DAX measures, and design visualizations such as bar charts, KPIs, and slicers. Demonstrated skills in data transformation, report building, and business insight generation.

CERTIFICATIONS

- **Automation Testing Course – (GeeksforGeeks)**
Learned key concepts in test automation using tools and frameworks.
Built test scripts to automate scenarios and improve software testing efficiency.
- **Programming in Python (GeeksforGeeks)**
Learned core Python concepts including variables, loops, conditionals, functions, and OOP
Gained practical coding experience through exercises focused on writing clean, modular Python code.
