

Education

Guru Gobind Singh Indraprastha University

2022 – 2026

B.Tech in Information Technology - CGPA: 8.6

Technical Skills

Languages: Python, SQL, HTML5

Tools and Libraries: Pandas, Numpy, Streamlit, Matplotlib, Seaborn, Excel(advanced), Tableau, Power BI, Jira ,Powerpoint

Databases: MySQL, MS Access

Analytics: A/B Testing, KPI Tracking, Dashboarding, Data Cleaning

Soft Skills: Business Analysis, Problem solving, Stakeholder Management, Leadership, Communication , Requirements gathering

Experience

Business Analyst Intern

Adbird Media -Jun 2024 - Aug 2024

- Collaborated with cross-functional stakeholders to gather, document, and analyze business requirements (BRDs, FRDs).
- Created KPI dashboards using Excel and Tableau, improving performance tracking by 30%.
- Identified gaps in campaign performance across 10+ client accounts and recommended optimization strategies.

Content Writer Intern

Meri Kheti -Nov 2023 - Mar 2024

- Authored 20+ SEO-optimized articles on agriculture and rural development.
- Improved user engagement by 25% through simplified technical content tailored for rural audiences.

Projects

Data/Business Analyst Projects

SQL, Tableau, Excel, Power BI

(Portfolio)

- British Airways Customer Experience - (Tableau) - Processed 7.5+ years of passenger reviews to evaluate seat comfort, food quality, and entertainment ratings, creating a customer satisfaction dashboard.
- Space Mission Data Visualization - (Tableau) - Built an Interactive dashboard analyzing global space missions, showcasing launch vehicle types, mission success rates, and environmental conditions across different launch sites.
- SQL Data Analysis - Northwind Database - Cleaned and standardized over 5,000 sales records using SQL, increasing reporting accuracy by 30% and designed SQL queries (joins, CTEs, subqueries) to extract customer insights and sales patterns.

Vendor Performance Analysis - Retail Inventory & Sales

SQL, Python, Pandas, NumPy, Matplotlib, Power BI

(Project Description)

- Optimized SQL ETL pipeline with CTEs, improving query speed by 40% on large vendor datasets.
- Conducted Python EDA & hypothesis testing to uncover \$2.71M in unsold stock and 65.7% vendor dependency.
- Built Power BI dashboards highlighting 72% cost savings from bulk purchasing and key vendor KPIs.

AI-Powered Customer Churn Prediction

Python, Pandas, XGBoost, Scikit-learn, Matplotlib, Streamlit

(Test App)

- Built an XGBoost model with 85% accuracy to predict telecom customer churn and identifying key drivers.
- Developed an interactive Streamlit dashboard for churn visualization, file uploads, and downloadable results.

Extra Curricular Activities and Certifications

- Career Essentials in Data Analysis – Microsoft & LinkedIn.
- Business Analyst Course – Analyst Club.
- Guest Judge – Open mic event, Hansraj College.
- National Finalist in Poetry and Literature Competitions (IITs, DTU, NSUT, DU).

Leadership Roles

Alfaaz ADGIPS

May 2025 - Present

President

- Led 150+ students from 6 creative disciplines in literary development and event management.
- Orchestrated inter-college events, open mics, and writing competitions with 500+ participants.

Utkarsh (Annual Cultural Fest,ADGIPS)

Jan 2025 – Feb 2025

Assistant General Secretary

- Managed execution of 70+ non-technical events attracting over 1,000 participants.
- Directed 20+ volunteers, overseeing event logistics and resolving operational issues.
