EDUCATION

National Institute of Technology, Kurukshetra

12/2020 – 06/2024

Bachelors of Technology in Information Technology - **CGPA: 8.17**

Kurukshetra, Haryana

Navjeevan Science School, Sikar

2018 – 2019

Senior Secondary Education (Class 12th) - **Percentage: 89**

Sikar, Rajasthan

WORK EXPERIENCE

Trainee Software Engineer

08/2024 – Present

- **ZPLYS**

Jaipur, India

- Developed and maintained scalable software applications, ensuring high functionality, optimal performance, and making the website **99.9% responsive** using Tailwind CSS
- Collaborated with the software engineering team to design and implement new features, enhancing user experience and improving system capabilities while adhering to industry standards
- Conducted detailed code reviews and resolved complex software issues using JavaScript, TypeScript, Next.js, and RESTful APIs, ensuring code quality and maintainability

PROJECTS

Music Learning Platform

- Built Interactive Music Learning Platform with adaptive learning paths and real-time feedback
- Integrated Web Audio API to provide an immersive audio experience and analyze **user input**
- Utilized database management system to store and track user progress and performance metrics
- **Technology Used:** HTML, CSS, JavaScript, API Integration, Database management system

Dynamic Car Racing Game

- Designed a car racing game with dynamic controls, scoring mechanism, and obstacle avoidance features
- Utilized HTML to structure game components, including canvas and player interaction interface elements
- Applied CSS for responsive layout design, ensuring intuitive and visually appealing user experiences
- Developed game logic using JavaScript for movement, collision detection, and speed control mechanics

Movie Flix

- Built an entertainment app to discover popular, top-rated, and upcoming movies using React.js
- Integrated TMDB API to fetch and display movie details like title, rating, runtime, and genres
- Delivered a responsive interface for seamless exploration of movie information and user interaction

TECHNICAL SKILLS

Programming Languages: JavaScript, C++, python, TypeScript

Web Development: CSS, HTML, RESTful APIs

Database: SQL, MongoDB, Mongoose

Version Control: Git, GitHub

Software/Tools: Visual Studio Code, MATLAB, MS Office Suite

Coursework: Data Structures and Algorithms, Object-Oriented Programming, Database Management Systems (DBMS)

CERTIFICATIONS

- * **Data Structures & Algorithms:** Secured top **2%** rank in coursework with **98%+** accuracy **CERTIFICATE**
- * **C++ Programming:** Ranked in the top **0.8%** of an intensive C++ course **CERTIFICATE**

EXTRACURRICULAR/ACHIEVEMENTS

- * **JEE MAIN(2020):** Ranked in the **top 1%** among **11.47 lakh** candidates
- * Tackled and resolved **200+** **DSA** problems on **LeetCode** and **GFG**
- * **RBSE Board (2018-19):** Received Scholarship from Govt of Rajasthan by securing rank in the **top 1%**
- * Photography, Playing Cricket and Badminton

OTHER INFORMATION

- * Effective Communication, Team Leadership, Problem-Solving & analytical skills
