## Projects

**DevConnect – Full-Stack Collaboration Platform** | *Django, JavaScript, PostgreSQL, Power BI* Jan 2024 – Jun 2024

- Built a full-stack web app using Django, JavaScript, and PostgreSQL for cross-team project collaboration.
- Integrated Power BI to visualize key project metrics, user activity, and engagement.
- Developed REST APIs, responsive UI, and secure database logic to ensure seamless scalability.

**Risk Pulse – Investor Sentiment Analyzer** | *NLP, FinTech, Machine Learning* Feb 2024

- Designed a sentiment analyzer using FinBERT and VADER to predict market risk with 98% accuracy.
- Created a composite risk scoring framework combining sentiment, price trends, and volatility.
- Visualized insights using Plotly and matplotlib in an interactive dashboard.

## Experience

**Data Analyst Intern** Present  
*Zamil Steel* India

- \* Currently working on automating sales reporting and performance dashboards using Power BI and SQL.
- \* Led customer retention analysis at Zamil Steel, leveraging neural network models to optimize prediction strategies and improve retention metrics by 85%.

**International Immersion Internship** Oct 2023  
*Audacious Foundation* Malaysia

- \* Explored data-driven strategies using platforms like Azure and AWS across diverse industries.
- \* Collaborated with business leaders and policymakers on tech-policy integrations.
- \* Studied analytics-based decision-making frameworks in real-world business contexts.

**Abnormal Behavior Detection Research** Jan 2024 – Jul 2024  
*SRM Institute (under Prof. M. Chitra)* India

- \* Developing anomaly detection models using Isolation Forest and One-Class SVM.
- \* Analyzing real-world datasets to create scalable behavioral monitoring systems.

## Community & Leadership

**Management Member, Codezilla Club** Nov 2022 – Jun 2023  
*SRM University*

- \* Led and organized technical events promoting peer collaboration and tech awareness.

**Coordinator – Beginner’s French Workshop**  
*Al Salam School* Mumbai

- \* Hosted and delivered a 10-day French language program for school students.

**Community Volunteer** 2021  
*Suwendu Eye Memorial* Kolkata

- \* Developed an analytics dashboard to improve workflow; assisted cataract patients pre/post-surgery.

## Courses & Certifications

Microsoft Certified: Security, Compliance, and Identity Fundamentals

IBM Business Analyst Professional Certificate (Ongoing)

Pregrad – Data Science and Analytics Program

HarvardX – Web Programming with Python and JavaScript

Analytics and Consulting – IIT Madras

## Technical Skills

---

**Languages:** Python, JavaScript, C/C++, HTML, CSS, SQL, NLP

**Frameworks:** Django, React, Power BI

**Tools:** Git, VS Code, Node.js

**Libraries:** NumPy, Pandas, PyTorch, Matplotlib, Plotly

## Publications & Presentations

---

**Solar Paint Optimization Using Machine Learning**

Dec 2023

*ICACST'23 – International Conference on Advanced Computing and Sustainable Technologies, SRM University*

**Multi-Digit Recognition using MNIST and SVHN Datasets**

July 2025

*Published – International Journal of Science and Research Archive (IJSRA), Manuscript ID: IJSRA-2025-2198, Volume 16 – Issue 1*

## Education

---

**S.R.M Institute of Science and Technology**

Chennai, India

*B.Tech in Computer Science with Business Systems*

*Expected Dec 2026*

\* GPA: 9.7 — Intercultural Program with UTC involving global startup leaders.

**SM Shetty High School and Junior College**

Mumbai, India

*A Levels and IGCSE (AS and A Level)*

*2020 – 2022*
