

MINNAT ALAM

Bengaluru, India | +91-6201871835 | [Gmail](#) | [LinkedIn](#) | [GitHub](#) |

Proficient in Data Visualization, Reporting, Dashboarding, Insight analysis with Engineering background with hands on experience in SQL, Excel, Power BI, Alteryx, Tableau. Honing strong analytical skills, decision-making, problem solving abilities with learning mindset and proactive approach.

TECHNICAL SKILLS

- | | | | |
|--------------------|------------------|-------------------|--------------------------|
| • Python | • Advanced Excel | • Tableau | • Strong Problem-solving |
| • Machine Learning | • Jira | • Power BI | • Strategic thinking |
| • Statistics | • MySQL | • Git & GitHub | • Data Modelling |
| • DBMS (SQL) | • SharePoint | • MS Office Suite | • Data Visualization |

WORK EXPERIENCE

Business Analyst Intern | Covvalent, Gurugram, India

04/2024 – 09/2024

- Compiled data from different sources in raw excel format or from SharePoint; increased analysis by 50% by using pivot table & VLOOKUP.
- Presented strategic findings to senior management, projecting 20% market penetration within two years, thereby influencing key decisions for expansion into a new US market segment.
- Developed a Power BI dashboard for a portfolio of 1000+ chemicals, analyzing market penetration, costs, and trade for CPG and FMCG sectors in the U.S. market

Tools used: Power BI, Vlookup, Pivot Table, MySQL, SharePoint,

Project Engineer | Client-Bureau Of Indian Standards, New Delhi

01/2024 – 04/2024

- Utilized SQL databases, Advanced Excel, and Power BI to uncover valuable insights, significantly enhancing project outcomes and supporting informed decision-making in fast-paced team settings.
- Tested new applications thoroughly to pinpoint user issues, collaborating closely with developers to ensure smooth functionality and a better user experience.

Tools used: MySQL, MS Excel, Vlookup, Pivot Table, MS Word

PROJECTS

Strategic Chemical Market Analysis for US-India Trade Opportunities | MySQL | Advanced Excel | Power BI

- Conducted comprehensive analysis of 1,000+ chemicals to identify top 10 opportunities for cost efficiency and market consumption, facilitating a \$50M market entry strategy in the US-India trade landscape.
- Presented strategic findings to senior management, projecting 20% market penetration within two years, thereby influencing key decisions for expansion into a new US market segment

Delivery-Performance-Analysis-Report | Python | Excel | Power BI | [Link](#)

- Lead delivery performance analysis of \$1.6M revenue data, identifying 2-hour avg. delays and 20% fuel efficiency gains by reallocating Ultra fleets to long routes (>500 KM).
- Proposed cost-cutting strategies (e.g., dynamic pricing, fleet optimization) to reduce delays by 1.5 hours and save \$200K annually in fuel costs, using SQL/Python for data modeling.

Mobile Market Analysis Insights Report | Python | SQL | Excel | Power BI | [Link](#)

- Conducted end-to-end analysis of 10,000+ smartphone models, revealing 83% market dominance by budget/mid-range phones (<₹30K) and diminishing returns beyond ₹25K (4.3 vs. 4.4 avg. ratings).
- Identified top-performing brands (Samsung: 28% share) and consumer trends (6GB RAM + 128GB storage: 32% adoption), enabling data-driven pricing strategies.

Case Study Investments(Startups) | Python | [Link](#)

- Conducted in-depth investment analysis using Python and pandas, leading to valuable insights on funding trends, top cities, amounts, types, and industries within the Indian startup ecosystem.

EDUCATION

Bachelor of Engineering in Textile Technology

2018-22

Panipat Institute Of Engineering & Technology [Kurukshetra University]

RDS College Salmari – 12th BSEB

2018

RK High School – 10th BSEB

2016

CERTIFICATIONS

Data Analytics with Machine Learning (Coding Ninjas) | [verify](#)

2022-23

Generative AI (Coding Ninjas)
