

Mohana Sruthy Mada

Marturu, Andhra Pradesh | madamohana143@gmail.com

SUMMARY

Detail-oriented Computer Science graduate with a passion for solving business problems through smart analysis and clear communication. Skilled in documentation, collaboration, and tools like Notion—always eager to learn and contribute in fast-paced teams.

SKILLS

Tools & Technologies: SQL, SSMS, Python (Pandas, NumPy), MS Excel, Power BI, Git, Database Management, Notion.

Techniques: Data Cleaning, EDA, Trend Analysis, Data Storytelling, Data Modelling, Data Analysis, Data Pipelines.

Concepts: BI Reporting, Data Storytelling, Automation, Machine Learning (Basics), AI Tools & Concepts.

PROJECTS

[Sports Goods Marketing Analysis](#)

Technologies used: SQL | Python | Power BI | Power Query | Data Modelling

- Developed KPIs like **Conversion Rate (8%)**, **AOV (₹200)**, and **Customer Feedback Score (3.67)** to evaluate marketing ROI.
- Created a dashboard with **4+ interactive visuals** to track campaign performance and engagement across customer segments.
- Recommended **3 data-driven strategies** to optimize marketing campaigns based on sentiment trends and a 3.67 average feedback score.

[Customer Relation Management](#)

Technologies used: SQL | ETL Scripting | SSMS | Notion

- Designed and implemented SQL ETL pipelines using SSMS to **process 5,000+ ERP and CRM records**.
- Automated validation steps, reducing dashboard discrepancies by 25%.
- Completed the full lifecycle **within 2 weeks**, including data documentation in **Notion**.

[Coffee Sales Analysis Project](#)

Technologies used: MS Excel | PivotTables | Charts | Formulas

- Analysed **12-month cafe data**, found Hell's Kitchen generated **33% revenue**, **peak hours 8–10 AM**.
- Identified top products like Barista Espresso and categories like **Coffee 39%, Tea 28%**.
- Recommended seasonal **item launch in April–May** to leverage peak sales months.
- Created dashboards with line/bar charts for stakeholder presentation

EDUCATION

Vignan Institute of information Technology, Visakhapatnam

2020-2024

Bachelor of Technology (CSE)

CGPA: 7.87/10

CERTIFICATIONS

[Google AI Essentials](#): Learned practical AI concepts, ethical AI usage, and how to integrate AI tools for smarter decision-making in data projects.

[Foundations: Data, Data, everywhere](#): Covered data types, data entry best practices, and spreadsheet tools

[Career Essentials in Data Analysis by Microsoft and LinkedIn](#): Discover the skills needed for a career in data analysis.

Learn foundational concepts used in data analysis and practice using software tools for data analytics and data visualization.

ACHIEVEMENTS

Vignan VISTA 2022 - Agri-hack National Technical Competition

- Developed a predictive web app using market data to suggest profitable crops to farmers.
- Collaborated with 3 teammates; selected in top 10 out of 30+ teams for practical impact.
