Bachelor of Technology in Electronics & Communications Engineering

CGPA 7.5

Dec. 2020 – May 2024

EXPERIENCE

Digital Marketing Associate (PPC – Google Ads)

Jan 2025 – Present

Plumm Ads

Delhi

- Plan, launch, and optimize ROI-driven Google Ads campaigns with a focus on search arbitrage. Conduct vertical research, analyze KPIs, and run A/B tests to improve conversion rates.
- Craft compelling ad copy, monitor market trends, and apply data-driven insights to refine strategy and maximize campaign performance.

Data Analytics & Digital Marketing

Feb 2024 – Aug 2024

Performance Crafters

Dwarka, Delhi

- Created, managed, and optimized performance marketing strategies and campaigns across Meta and Google Ads for multiple e-commerce brands.
- Led client communication, handled reporting, and resolved operational challenges to improve campaign effectiveness and client satisfaction.
- Used Google Analytics, Shopify, Looker Studio, and Excel to perform data analysis, build algorithmic pricing models, and generate actionable business insights.

PROJECTS

NETFLIX Movies and TV shows Dashboard | Tableau, Excel, Data Analysis & Viz.

- Using tableau, I created an interactive dashboard for Netflix, offering insights into global content distribution and top genres.
- Analyzed ratings, descriptions, and release years for a comprehensive overview.

Book Recommendation System | Python, Pandas, Excel, Machine Learning

- Developed a Search engine and Collaborative Filtering Based Recommender System for personalized book recommendations.
- The user is able to get the top 10 recommendations for books based upon the books that they liked.

TECHNICAL

Skills: Google Ads, Campaign Management, Campaign Reporting, Digital Marketing, Data Analytics

Tools: Google Analytics, Looker Studio, Excel, Microsoft Office, Google Workspaces, Shopify
