SUMMARY

Computer Science graduate with a knack for decoding messy data into meaningful stories that influence decisions. From building live dashboards that slashed reporting time by half to creating machine learning models for personalised solutions, I bring a practical, impact-first approach to analytics. Skilled in SQL, Power BI, Python and Excel, with a focus on turning technical insights into business values across functions and industries.

WORK EXPERIENCE

Business/Data Analyst Intern (Software Systems)

July 2024 - December 2024

Rajdeep Automation Private Limited - Mumbai, Maharashtra

- Built a data visualization system to convert raw Excel-based financial data into clear, actionable dashboards, reducing reporting time by 50% and cutting annual costs by 40%.
- Migrated the company's website to a WordPress platform, improving content agility and reducing maintenance costs by 70%.
- Led internal WordPress training sessions, reducing vendor reliance and cutting outsourcing costs by 40%.

PROJECTS

AI Dietician App

Technologies Used: Python, Flask, Scikit-learn, HTML/CSS

- A smart nutrition app that generates personalized diet plans based on user health metrics.
- Applied machine learning for adaptive meal planning and portion control.
- Designed to promote healthy eating and reduce reliance on nutritionist consultations by 50%

Health Chatbot

Technologies Used: Python, Tkinter, Natural Language Toolkit (NLTK)

- A chatbot to collect symptoms, suggesting possible diagnoses using rule-based logic.
- Achieved 99% accuracy in symptom-disease mapping through keyword pattern recognition.
- Helped reduce medical consultation costs by an estimated 65%.

TECHNICAL & ANALYTICAL TOOLS

- **Languages:** Python, Java
- **Databases:** MySQL, MongoDB
- **Data Analytics & BI Tools:** Power BI, Excel (Pivot Tables, VLOOKUP), NumPy, Pandas
- **Web Development:** HTML, CSS, JavaScript
- **Productivity & Project Tools :** Jira, Confluence, Draw.io
- **Core Competencies :** Data Cleaning & Visualisation, Exploratory Data Analysis (EDA), Requirements Gathering, Stakeholder Communication, Agile Methodologies

EDUCATION

MIT-WPU, Pune, India

June 2021 - June 2025

Bachelor of Technology in Computer Science and engineering
(CGPA 7.73/10)

Acharya Ambalal V Patel Junior College, Mumbai, India

June 2019 - May 2021

Higher Secondary Certificate Examination
(81.33%)
