Education

Lakshmi Narain College of Technology & Science

June 2021 – May 2025

B.Tech in Computer Science AIML

8.19 CGPA

Work Experience

Wipro Technologies

May 2024 – Sep 2024

Full Stack Training

- Successfully completed a six-month internship at Wipro TalentNext , honing expertise in Java programming through comprehensive training and assessments covering various concepts.

Embolden Technologies

Feb 2024 – March 2024

FrontEnd Developer Intern

- Engaged in a 2-month Web-development internship at Embolden Technologies , focusing on innovation and technology excellence.
- Actively participated in structured learning programs, resolving conflicts constructively and committing to continuous improvement.

Projects

MessageX: AI Developer |

- Developed a **Real-Time Chat Application** with private group functionality, enabling seamless communication.
- Integrated **AI-powered group chat** using @AI, through Google Gemini for intelligent responses.
- Implemented **User Authentication** for secure login/registration and managed user to add collaborators and control access
- Built **Collaborative Features** including adding collaborators and creating **browser-based servers** with WebContainers.
- Tech Stack : ReactJS, Tailwind CSS, , NodeJS , ExpressJS , MongoDB

TaskManager |

- Developed a **Task Management System** for admins to assign tasks with deadlines and descriptions, and for users to manage them.
- Implemented **task tracking and assignment features** for clear visibility and efficient delegation.
- Optimized workflows to boost productivity with **real-time updates and streamlined tracking**.
- Built with ReactJS, Tailwind CSS, local storage, and deployed on Vercel for fast and scalable performance.

PromptAI |

- Developed an **AI-powered app** using Google Gemini API for real-time, user-friendly responses to prompts.
- Integrated Google Gemini API to deliver AI-driven, **real-time answers**, enhancing functionality and user experience.
- Built a responsive front end with ReactJS and TailwindCSS for **seamless interactions across devices**.
- Optimized input workflows for **easy prompt submission** and accurate AI responses.

Technical Skills

Languages & Libraries: Java , C++ , SQL , HTML , CSS , JavaScript , React , Tailwind CSS

Tools & Software: VS Code , IntelliJ Idea

Others: UI/UX , Figma , WordPress

Achievements / Extracurricular

- Solved 250+ DSA questions on Leetcode , GFG , Codestudio and more.
- Achieved finalist positions in 3+ hackathons worked on real-world problems with the team
- Mentored 300+ students in UI/UX principles, conducting 4 hands-on workshops with Figma under UXcelerate club.
- Organized and coordinated 2+ National and International hackathons.

Position of Responsibility

- Training & Placement Coordinator and member of the Anti-Ragging Committee at LNCTS Bhopal.
- Founder of the Research and Tech Quiz Club in college, fostering active student participation.
- Worked as an instructor and mentor at the UXcelerate club, leading a team of 20 members.
