

PRANJALI GUPTA

Civil Engineering | Motilal Nehru National Institute of Technology, Allahabad

☎: +91-8905970914 | [LinkedIn](#) | ✉: pranjaligupta029@gmail.com

EDUCATION

Degree	Institute	Year	CPI/%
B.Tech CE	MNNIT, Allahabad	2019-23	8.22/10
CBSE Class XII	Cambridge Court High School, Jaipur	2019	90.2%
CBSE Class X	Cambridge Court High School, Jaipur	2017	10/10

WORK EXPERIENCE

GET, Supply Chain Management Intern, Jubilant Foodworks, Bengaluru (Jan-June 2023)

- Project: Vertical start-up & new warehouse operation flawless execution and transition to a multi-fold sized SCC considered new warehouse setup, change in dispatch requirement, new business addition, new team member's addition, change in information flow, multiple shifts etc.
- Deliverables include end-to-end mapping of various processes assuming new warehouse, individual role visual mapping, communication mapping and information flow, role-wise SOPs & working modules, training modules for each role for day-to-day working for all new members, new SCC operational routine including material flow & vehicle movements, function-wise shift schedules, productivity, machine and manpower requirement

Learning outcomes: MS-Excel, Supply Chain process, Project Management, Data Visualization, Problem-solving

SKILLS

SQL, MS-Excel, Tableau, C, Python, Supply chain, Data Visualization, Project Management, DBMS, Statistics, Problem Solving, Communication, Collaboration and Teamwork

PROJECT

CHATBOT

- A rule based chatbot built using **Python** which can interact with the user and answer their queries. It uses a series of defined rules which is the basis for the types of problems the chatbot is familiar with and can deliver solutions for.

FDI DATASET ANALYSIS DASHBOARD

- Used **SQL** to extract data from two different related tables from FDI databases & utilized **Tableau** for data visualization using various charts effectively examining and identifying prominent trends and patterns.

3-D PLOTTING AND ANIMATION

- Used **Matplotlib in Python** for 3-D scatter plotting, surface plotting, wireframe plotting and contour plotting and animated a 3-D graph.

POSITION OF RESPONSIBILITY

ENACTUS MNNIT | Head Field Officer | [Link](#)

- ENACTUS is a non-profit international NGO which recognize the abundant human skill in the underprivileged section of our society and work upon the ways to develop business model to help them become self-sufficient in terms of income.

AVISHKAR 2022 | Event Coordinator

- Managed “Constrengtho”, a civil engineering core event, overseeing planning and execution.

ACHIEVEMENTS

- Avishkar (Tech fest- MNNIT)- 1st Runners up in Constrengtho (2020), 2nd Runners up in Science Exhibition (2020), 1st Runners up in Cognizance (2019)
- Ranked within the top 4 percentile out of approximately 1.1 million candidates in JEE Mains 2019.
