Education

Usha Mittal Institute of Technology

Bachelor of technology in Information Technology

2021 – 2025

Mumbai, Maharashtra

CGPA:8.87/10

Narayana Junior College

Higher Secondary Certificate

2021

Nalasopara, Maharashtra

Percentage – 87.17

Matrix Academy School

Central Board of Secondary Education

2019

Virar, Maharashtra

Percentage – 86

Internship

IT Infrastructure Maintenance Unit at UMIT - 2 Month

- Gained hands-on experience in IT infrastructure maintenance including system setup, Windows and Ubuntu installation, software installation, network configuration, server creation, AWS instance creation, and hardware/software troubleshooting. Contributed to secure computing environments, performance optimization, and backup solutions to support operational continuity.

Projects

Unveiling the Potential of Deep Neural Networks in Image Styling and Super Resolution | *TensorFlow, Keras, VGG19, SRGAN*

May 2024

- Neural Style Transfer technique to blend style from one image into another image.
- Super Resolution which takes low-resolution image as input and generate a high-resolution image.
- Used model for style transfer and super-resolution are VGG-19 and SRGAN models.

Price Analysis Based on the Customer Shopping Data | *Python, Streamlit*

December 2024

- Analyzed gender-based spending patterns, category preferences, and payment methods.
- Created interactive visualizations with Plotly and statistical plots with Seaborn.

Supermarket Sales Analysis | *Python, Streamlit*

January 2025

- Extracted insights on sales, revenue trends, and customer behavior by city and category.
- Explored relationships between price, sales, and gross income with visual analytics.

Swasthya: The Significance of Yoga and Ayurveda Platform | *Html, CSS, Javascript, PHP*

May 2025

- Developed a wellness platform integrating real-time yoga pose detection using PoseNet (ml5.js), ayurvedic recipes, a dosha-based yoga gallery, and a personalized dosha calculator.

Technical Skills

Languages: Python(Intermediate), C++(Intermediate), Java(Basics), HTML, CSS

Query Language: SQL

Developer Tools: VS Code, Streamlit, Ms Excel, Tableau

Libraries: Numpy, Pandas, Seaborn, Plotly

Certification

Machine Learning A-Z: Python and R -Udemy

Data science and Analytics - FutureSkills-Prime

Employability Skills – JobReady - Wadhvani Foundation
