Education

National Institute of Technology, Allahabad

Bachelor of Technology (B.Tech)

2022 – 2026

CGPA: 8.24

Jeewan Public School

Higher Secondary Examination

2019 – 2021

Score: 83.6%

Shantiniketan Jubilee School

Secondary Examination

2018 – 2019

Score: 90.8%

Experience

Pharmabolt

Jun 2025 – Jul 2025

Analyst Intern

Remote

- Developed a domain-specific analytical model that improved performance by 20% through optimised healthcare insights.
- Analysed regional data to identify high-potential areas for service expansion, enabling data-driven launch strategies.
- Collaborated with cross-functional teams to analyse market data, generating actionable insights that enhanced marketing strategies.

Projects

Cybersecurity-based Fraud Detection Using Machine Learning (GitHub Link)

Feb 2025 – Apr 2025

- Tools:** Scikit-learn, Pandas, NumPy, MLflow, MongoDB.
- Analyzed 30+ behavioral features to detect phishing URLs, achieving 95%+ classification accuracy.
- Cleaned, transformed, and validated data using Python, Pandas, and statistical testing (KS-Test); built models using Logistic Regression, KNN, Decision Tree, Random Forest, AdaBoost, and Gradient Boosting.
- Maintained modular pipelines for ingestion, preprocessing, and evaluation, with MLflow for experiment tracking.

Financial Transaction Trends Analyzer (GitHub Link)

Dec 2024 – Jan 2025

- Tools:** Python, Pandas, Matplotlib, Seaborn.
- Analyzed transaction data trends across 13 Million+ records, identifying patterns that improved financial decision-making for 3 mock scenarios by 20%.
- Cleaned and visualized 90% of raw data, enhancing the accuracy of reporting dashboards.
- Built trend reports that reduced manual effort by 30% through automated insights.

Pizza Sales Analysis Report (GitHub Link)

Aug 2024 – Oct 2024

- Tools:** Power BI, Excel, EDM.
- Developed an interactive sales dashboard for 48,000+ transactions, uncovering a 12% growth opportunity in premium categories.
- Identified underperforming categories and recommended pricing adjustments to potentially boost revenue by 10%.

Technical Skills

- Programming Languages:** Python, SQL
- Data Tools:** Power BI, MS Excel, Pandas, NumPy, Scikit-learn, MLflow.
- ML Algorithms:** Logistic Regression, KNN, Decision Tree, Random Forest, AdaBoost, Gradient Boosting .
- Soft Skills:** Cross-functional Collaboration, Data-Driven Insights, Strategic Planning, Process Optimization.
- Interests:** Data Analytics, Machine Learning, Feature Engineering, Power BI Dashboards, DAX Functions.

Positions of Responsibility

- Coordinator,** Student Mentorship Program (SMP) Jun 2024 – Present
- Coordinator,** Cisco thingQbator Student Body Jul 2024 – Present
- Member,** Innovation and Incubation Cell (IIC), MNNIT Sep 2023 – Present
- Member,** Green Club at MNNIT Jan 2023 – Present
- PR Team Member,** Culrav Fest Feb 2024 – Mar 2024

Achievements

- Triathlon Event (2nd Position):** Secured 2nd position out of 500+ students in a consultancy-focused Triathlon competition.
- Cisco thingQbator Cohort:** Top 10 out of 1,000+ teams, designed a predictive analytics system.
- Cohort 1.0 Competition (2nd Position):** Organized by IIC, MNNIT Allahabad.

Certifications

- IBM Data Analytics Essentials (Coursera):** Advanced Data analysis & visualization – Excel, SQL, Python.
- Generative AI Certification by Microsoft & LinkedIn Learning:** Expertise in generative AI tools, advanced prompt engineering, and ethical AI deployment.
- PwC Switzerland Power BI Certification:** Focused on interactive dashboard creation and predictive analytics.
