SUMMARY

I am a highly motivated and detail-oriented aspiring Data Analyst with a solid foundation in data analysis, visualization, and statistical methods. I have hands-on experience from internships where I honed my skills in SQL, Excel, Power BI, and Python, transforming complex data into actionable insights to support informed decision-making. I am passionate about leveraging data to solve challenging problems and contribute to business success.

EXPERIENCE

Data Analyst Intern

Technocolabs Softwares

03/2025 - Present Remote

A software development company providing data analysis solutions

- Currently working as a Data Analyst Intern, enhancing expertise in handling complex datasets
- Creating impactful dashboards and applying advanced analytical methods for data-driven decision-making

Data Analyst Intern

AI Variant

05/2024 - 02/2025 Remote

- Completed a 9-month internship where I developed skills in data analysis, visualization, and statistical methodologies
- Utilized SQL, Excel, Power BI, and Python for data manipulation and analysis

EDUCATION

MSc Statistics

Dhruva Degree and PG College

06/2022 - 06/2024 Osmania University

BSC MSC

Aurora Degree and PG College

06/2019 - 06/2022 Osmania University

Higher Secondary

Alphores Junior College

06/2017 - 06/2019 Telangana State Board Of Intermediate Education

Secondary

Sri Chaithanya High School

06/2015 - 06/2017 Telangana State Board Of Secondary Education

CERTIFICATION

Data Analytics Internship Certification

Certification awarded for completing an internship focused on data analytics

KEY ACHIEVEMENTS

Project Contributions

Successfully extracted and analyzed data for various projects, leading to actionable insights that improved business strategies

SKILLS

Microsoft Power BI	DAX	
Microsoft Excel	Tableau	CRM
Microsoft Power Point	ETL	
Python	SQL	Microsoft Word

PROJECTS

Bank Analytics

12/2024 - 02/2025

Analyzed loan data to understand trends and risks

- Used SQL, Tableau, Power BI, and Excel to ETL data for loan dataset analysis
- Identified customer segments for tailored loan products and marketing strategies

Customer Relationship Management Analytics

09/2024 - 11/2024

Analysis of customer relationship management data to drive business growth

- Extracted and transformed CRM data to ensure consistency for analysis
- Designed dynamic dashboards in Power BI to visualize customer insights

Adventure Works Data Analysis

05/2024 - 08/2024

Worked on sales performance and customer segmentation analysis

- Analyzed Adventure Works datasets using SQL and Power BI
- Developed interactive dashboards to report key metrics

LANGUAGES

English		Telugu	
Hindi			

PROJECTS

Crop Recommendation System Using ML

📅 04/2024 - 08/2024

A machine learning project focused on agricultural data to support farmers

- Developed a machine learning model to recommend optimal crops based on data
- Conducted feature engineering and implemented algorithms to improve model accuracy

INTERESTS

Community Manager

Community management and supporting tech-based initiatives
