

EDUCATION

Name of Course	Year	University/Insitute	Marks
B.Sc. Physical Science (Computer Science)	2021 - 2024	Hansraj College, DU	8.652 CGPA
AISSCE (Class XII)	2020	Narayan College, Etawah	94.2%
AISSE (Class X)	2018	Saint Mary's College, Etawah	91.2%

WORK EXPERIENCE

Associate Analyst | ProcDNA (Life Sciences Consulting)

July 2024 - Present

Marketing Mix Modeling (MMM) | Fortune 500 CGM Manufacturer (EU Market)

- Optimized €12M+ in media spend across 10+ HCP & DTC tactics by developing a log-log Pooled OLS regression-based Marketing Mix Model with log and adstock transformations, using the residual approach to isolate the tactic impact.
- Built and delivered an mROI based optimizer tool capable of running 5+ optimization scenarios, enabling data-driven decision-making for marketing investments.
- Optimized HCP engagement by identifying effective tactic bundles and refining cadence and sequencing using a probabilistic approach with logistic regression, leveraging Python, SQL, and Excel for analysis

Patient Risk Stratification & Predictive Modeling

- Boosted patient conversion by developing a patient event prediction model using XGBoost Classifier that captured nonlinear interactions across 100+ features from SP and Clarivate claims data to predict cancellation risks and stratify patients.
- Built a Python driven alert messaging framework that translated model probability scores into real-time, risk-tiered notifications for field teams, enabling proactive interventions and significantly enhancing conversion rates.

KOL Detection Using Network Graphs and ML Models

- Identified 400+ Key Opinion Leaders (KOLs) across six US territories in two pharmaceutical markets using an ML based scoring system and Isolation Forest for anomaly detection.
- Developed a multi-source ML pipeline integrating seven data sources, engineered 30+ features to capture HCP activity, and leveraged network graph centrality measures to quantify connectivity and influence, boosting KOL targeting.

INTERNSHIPS

Partnerships Intern | India Art Fair

January 2024 - February 2024

- Coordinated logistics for 5+ brand partners (e.g. CMYK, SoulTree) at India Art Fair, ensuring seamless event execution
- Successfully managed setup of 5+ partner booths and assisted 10+ exhibitors, enhancing overall event satisfaction

Operations & Strategic Partnerships Intern |Unstop

July 2023 - October 2023

- Onboarded 60+ TPOs as the main point of contact for Flipkart's hiring drive and acquired 3000+ new users for Unstop
- Expanded Unstop's Reach by introducing products to 400+ colleges, and adding 14,000+ users, while revamping the coupon store with 20+ partnerships

Media Tech Director Intern | The IMPACT Project (Pro bono Consulting Organization)

July 2022 - January 2023

- Led LinkedIn & Instagram branding, creating 14+ engaging posts and stories, leading to increased engagement.
- Managed The IMPACT Project website using Hygraph which is GraphQL- native Headless CMS platform

ACADEMIC PROJECT

Published research paper, "Sentiment Analysis of Twitter Data" (HansShodhSudha, vol. 3, issue 4, (2023))

- Tweepy module is used to stream live tweets directly from Twitter. Tweets are visualized using Matplotlib, Wordcloud, Seaborn and NLP models TextBlob and roBERTa are used to do sentiment analysis on the tweets.
- Compared the accuracy of NLP Models like TextBlob and roBERTa.

Web Application for Diabetes Prediction (Project under Machine Learning Certification by Hansraj College, DU)

- Web Application is built using Streamlit framework to predict patient having diabetes based on diagnostic measurements
- Experimental work has been carried out using classification algorithms such as K Nearest Neighbor (KNN), Decision Tree (DT), XGBoost, Logistic Regression (LR) and Random Forest (RF) on Pima Indians Diabetes dataset

POSITIONS OF RESPONSIBILITY

Head of Technical Department | TEDxHansraj, Hansraj College

May 2022 - June 2023

- Designed and Ideated 15+ graphics achieving an overall engagement of 400k+. Using Photoshop, and Premier Pro as tools
- Inducted and led a team of 10+ members, and collaborated cross-functionally to create compelling visuals

Design and Creative Co-Head | Project Aaina (District Community Service Project of RID 3012)

June 2022 - June 2023

- Spearheaded a 7+ member design team, ideating and creating captivating graphics for diverse platforms
- Led design efforts for 'Together We Can' initiative, aimed at increasing awareness, and understanding of LGBTQ+ issues

EXTRA-CURRICULAR ACITIVITIES AND ACHIEVEMENTS

- 4th position out of 350+ participants in Markopolis'24 presented by BookMyShow, a marketing case study competition organized by MarGene - The Marketing Club of NMIMS Bangalore
- Ist position at Equiverse 1.0, a case study competition organized by QSA, Shaheed Sukhdev College of Business Studies, DU

Business Insights 360 (Power BI Project)

- Connected Power BI with MySQL and Excel to import 4M+ records, transformed data in Power Query, and built dashboards to enhance gross margin while developing project management skills in stakeholder mapping, Kanban, and Mural
