

Prajakta Satbhai

Data Analyst | Business Analyst

Statistician with a strong foundation in statistical analysis, data interpretation, and generating actionable insights. Proficient in tools such as R, Python, Excel, SQL, SAS, and Power BI with experience in data visualization, dashboard creation, and result presentation. Strong communication skills for effectively conveying complex findings to diverse audiences. In addition to a strong foundation of statistical methods, I have also explored the techniques in Machine Learning and AI.

EDUCATION

M.Sc. Statistics (Industrial Statistics) North Maharashtra University, Jalgaon

10/2022 - 06/2024

CGPA : 7.77/10.00

Courses

- Regression Analysis
- Actuarial Statistics
- Clinical Trials
- Statistical Inference
- Design of Experiment
- Linear Models
- Time Series Analysis
- Sampling Theory
- SPC and TQM
- Multivariate Analysis

B.Sc. Statistics

Zulal Bhilajirao Patil College, Dhule

06/2019 - 05/2022

CGPA : 9.52/10.00

Courses

- Statistics
- Computer Science

PROJECTS & SEMINARS

Developing the Global Hunger Index (02/2024 - 05/2024)

- Explored the concept of the Global Hunger Index and Inclusion and Exclusion criteria for countries and performed Exploratory Data Analysis
- Analyse the data and apply the traditional method of the Global Hunger Index to find the hunger ranking of all countries
- Used different statistical tools such as Principal component analysis, Multiple Linear Regression, Time Series Analysis, and Regression on the data set

Seminar on Large Language Model and Chatbot Creation (02/2024 - 03/2024)

- Researched the concept of Artificial Intelligence, Machine Learning, Large Language Models, and Generative AI
- Explained the working, architecture, types, and application of the Large Language Model
- Created one Chatbot using Hugging Face and Lang Chain

Superstore Sales Data Visualization Using Power BI (01/2024 - 02/2024)

- Analysed sales performance across different regions
- Identified high-value customers and top-performing products to optimize inventory management

WORK EXPERIENCE

Junior Associate

UpThink Edutech Pvt. Ltd.

06/2024 - Present

Pune

Tasks Performed:

- Provide comprehensive support for online courses by responding to student queries, managing administrative tasks, and leveraging data analysis techniques to identify patterns.
- Collected, cleaned, and analysed data using tools like Excel, SQL, Python, and R.
- Used different statistical techniques like regression analysis, hypothesis testing, and time series forecasting. Created detailed reports with actionable insights to optimize performance.

SKILLS

Python

NumPy

Pandas

SciPy

Matplotlib

Seaborn

Scikit-learn

R Programming

dplyr

ggplot2

Plotly

Markdown

Shiny

Power BI

SQL

SAS

Excel

Tableau

Minitab

MATLAB

SPSS

Interpreting

Analytical Skills

Hypothesis Testing

Data Visualization

Data Mining

Problem Solving

Statisticsl Analysis

Machine Learning

ACHIEVEMENTS

Graduated with honors and ranked 3rd in graduating class (2019 - 2022)

Awarded for district level chess excellence and multiple competition victories (2018 - 2019)

CERTIFICATES

Python Programming

SQL (Basic) – HackerRank

Introduction to Tableau – Simplilearn

AI for All: From Basics to GenAI Practice - NVIDIA

Analyzing and Visualizing Data with Microsoft Power BI – Great Learning
