

Professional Summary

Results-driven Data Analyst with 1.8 years of experience in IT services and consulting. Proven track record in both technical and functional roles, successfully processing over 1TB of data to deliver actionable insights. Currently advancing skills through a Full Stack Data Analytics course to further enhance expertise.

Technical Skills

- **MS Excel:** Pivot Tables, Pivot Charts, Lookups, Power Query, Major Excel functions, Excel Dashboards
- **Power BI:** Power Query, Power Pivot, DAX, Power BI service, Extract Transform and Load (ETL), Reports and Dashboards
- **SQL:** MySQL, CTE, Joins, DDL, DML, DQL, Sub-queries, Windows functions.
- **Others** - Power Apps, Tableau, Python, Word, PowerPoint, Google sheets, Google docs

Certifications

Full Stack Data Analyst Course

05/2023 – 12/2023

Besant Technology, Bengaluru

Work Experience

Data Analyst, HCL Technologies

11/2021 - 11/2022

Client - Google | Role - ETL Engineer (Data Security Framework Team)

- Developed and integrated 10+ ETL pipelines using Replicator, reducing processing time by 40%
- Formulated and optimized 30+ SQL queries for Big Query and Spanner databases, resulting in a 20% decrease in data retrieval time and significantly improving analysis efficiency
- Conducted performance tuning and optimization of ETL processes, cutting data load times by 25% and enhancing overall system performance
- Created comprehensive and detailed Blueprint files, ensuring smooth and efficient project implementation
- Troubleshoot and resolved complex ETL and database issues in high-pressure environments, achieving a 45% success rate in critical issue resolution under tight deadlines, minimizing downtime, and preserving data integrity
- Developed interactive dashboards in Looker Studio and Power BI, enhancing data accessibility and driving a 15% improvement in actionable insights
- Revamped the task allocation process using Task Flow, improving project efficiency by 40% through better task assignment, progress tracking, and timely milestone achievement

Process Associate, First American

02/2021 - 11/2021

- Managed and optimized workflows across compliance auditing, document management, quality control and report generation ensuring accuracy, adherence to standards and timely delivery of outputs
- Trained and onboarded new team members, streamlining the process and reducing training time by 30%
- Awarded the "Top Performer" recognition for consistently achieving the highest standards in quality and productivity

Projects

Business Insights 360

- Developed a multi-view Power BI dashboard for 6 departments (sales, finance, supply chain, executive, marketing, and products) of AtliQ hardware to understand sales trends
- Optimized report performance using DAX Studio, reducing storage by 30% and improving speed by 10%
- Implemented automated data refresh and reporting schedules in Power BI Service, ensuring real-time updates and accessibility for cross-functional teams

Retail Supply Chain Analysis

- Designed and developed an interactive Supply Chain Analysis Dashboard in Power BI, improving visibility into inventory, supplier performance, and logistics efficiency
- Used drill-down charts and a toggle button to explore more into the data without using extra visuals in the report

Education

Bachelor of Business Administration (BBA) in Finance & Statistics

08/2017 - 09/2020

New Horizon College of Education, Bengaluru
