CAREER OBJECTIVE /PROFILE SUMMARY

Highly motivated and detail oriented data analyst seeking an entry level position to utilize my analytical skills and knowledge of data analysis techniques to contribute to the success of the organization.

EDUCATION

BE

Mumbai University

WORK EXPERIENCE

Data Analyst Intern

The spark foundation

07/2022 – Completed | Mumbai, India

- Work on stock price prediction by creating a hybrid model for stock price prediction using numerical analysis and sentimental analysis of news headlines.
- Use LSTM, time series forecasting model to predict future values based on previous and sequential data.

TECHNICAL SKILLS

Python

Proficient in statistical analysis and data visualisation tools such as Python , SQL and Power BI.

Understanding of OOPS concepts, file handling.

Basic knowledge about git version control and Django.

SQL

Good knowledge in SQL ,DDL,DML,DCL,TCL

Having knowledge about joins and window functions

Understanding of RDBMS concepts like constraints, Normalization and tables.

Power BI

Understanding about POWER BI Desktop

Basic understanding of DAX and Visualisation.

PROJECTS

Design a model for Iris Flower Classification using machine learning algorithm.

01/2023 – present

- The main objective of project was to create model to classify iris Flower using machine learning algorithm.
- We use logistic regression model for analysis it predicts the classification of categorical dependent variable.

Analysis of sales Data

04/2023 – 05/2023

Analysed sales data for a retail compaany to indentify trends and patterns

to developed visualisations using Power BI and provided insights to improve 90% of sales strategies.

Customer Personality Analysis

- Utilised analytical and technical expertise to provide insight and proposal to support business development.
- Used clustering and dimentionalitiy reduction techniques to create and plot cluster to help explain customer behavior.

CERTIFICATES

Certified Python full stack from Pyspider training institute

PANDAS , Numpy, Matplotlib, OOPS

SQL-ORACLE 10g

SQL Fundamental Certification
