Education

Master of Computer Applications (MCA)

North Maharashtra University, Jalgaon | CGPA: 9.7

2026

Bachelor of Computer Applications (BCA)

Shram Sadhana Trust's Arts, Commerce & Science College, Jalgaon | CGPA: 8.51

2021-24

Internship/ Work Experience

• Intern – Data Analyst at NMD Infotech Pvt. Ltd.

Jan 2025 – June 2025

Worked on real-time datasets to derive insights using Excel, SQL, and Python. Performed data cleaning, transformation, and visualization using tools like Power BI. Assisted in building dashboards for client reports and internal performance tracking.

Projects

• Sales Performance Analysis

I analyzed historical sales data from a retail company to identify sales trends, top-performing products, and areas of low profitability. I provided actionable recommendations to improve business performance.

Technologies : Power BI, DAX, Excel

• COVID-19 Global Trend Analysis

I used global COVID-19 data to analyze and visualize how the pandemic evolved over time. My focus was on comparing countries, calculating case growth, and understanding mortality rates.

Technologies : Python(pandas and plotly) Power BI

• C- Mart Shop Data Visualization

Analyzed retail sales and inventory data for C Mart to generate actionable business insights.

Technologies : MS-Excel, Power BI
