

PRITEESH DADASAHEB NIMBALKAR

Branch: Artificial Intelligence and Machine Learning.
Date of Birth: 22/06/1999
Pune, Maharashtra
Mail ID : priteeshdnimbalkar99@gmail.com
Contact No.: 9075970514

OBJECTIVE

To pursue a challenging carrier and to solve the real life issues in industry to enhance my knowledge and utilizing my skills towards the growth of organization.

PROFESSIONAL SUMMARY

- Solution focused & result oriented professional offering 3+ years of experience in designing, developing and optimizing complex database solutions within SQL Server and Oracle environments.
- Skilled in writing optimized SQL queries for data extraction, transformation and loading, data cleansing and building complex joins, subqueries and stored procedures.

WORK EXPERIENCE

- **Company Name** : Tata Consultancy Services
- **Position** : System Engineer
- **Experience** : November 2021 to July 2025
- **Project** : United Parcel Service

❖ Key Deliverables:

- **Application Support:**
 - ✓ Supporting different applications like Image Management, Emcon2000, Cora mobile device, Cargo-wise required in the transport of goods from one location to other.
 - ✓ Worked on Incident Management, Change Management and Problem Management tasks in the Service-now.
 - ✓ Worked on High priority (P1, P2), Medium priority (P3, P4) and low priority (P5) Incidents and resolving it within the given SLA.
 - ✓ Understand the user problem, based on the priority of incident check for the solutions and resolve it.
 - ✓ Provide instructions/required solution documents to users through MS Teams or Mail.
 - ✓ Sometimes directly taking remote access of user machines and resolving the problems.
- **Server Monitoring:**
 - ✓ Monitoring different servers on which different services are running in the background required for the supporting applications.
 - ✓ Hourly health checkup of Critical Services
- **Oracle SQL:**
 - ✓ Used different SQL queries to update, modify and delete data in the database.
 - ✓ Data extraction and provide it to the customers.
 - ✓ Grant and revoke access of users.
 - ✓ Reset Schema user password.

- **Deployment of Build Requests:**

- ✓ The Build Requests provided by the developers need to be deployed in Test, UAT and Production Environment.
- ✓ First deploying in UAT Environment and monitoring it. Testing it if required we roll back it to previous version.
- ✓ If all good proceeding for Production environment in Monthly release.
- ✓ After deployed on Production environment we are monitoring for 24 hrs. to decide whether we are good or not and accordingly taking required action.
- ✓ Managed end to end deployment processes, delivering stable and high performing applications in production environments.

❖ **Key Highlights:**

- **Oracle SQL**

- ✓ Grant and revoke user access.
- ✓ Extracting document ID.
- ✓ Find Date range.
- ✓ Checking status of document.

- **Match and Attach Billing Process**

- ✓ Running Match and Attach billing process daily at scheduled time and sharing its status and results to the customers.
- ✓ The input file is split into 2 parts for early processing. After split process is completed the 2 different files are run on 2 different servers and after processing of it again 2 files are merged into single file and then provided to different teams for processing from their end.
- ✓ Update the excel sheet which will take updated data from database and providing the data to customers in which error amount, processed amount and success rate of that day is mentioned.

- Work on tickets and resolve within SLA.
- Monitoring Server health.
- Discuss on the client call for reducing the error amount.

EDUCATIONAL QUALIFICATION

EXAM / DEGREE	YEAR	NAME OF INSTITUTE	UNIVERSITY	CPI/PERCENTAGE
M.TECH. Artificial Intelligence and Machine Learning.	2023-2025	BITS, Pilani	BITS, Pilani	6.3
B.TECH. Mechanical Engineering	2018-2021	Walchand College Of Engineering, Sangli	Autonomous	8.3
Diploma	2015-2018	Cusrow wadia institute of technology Pune-	Autonomous	94.38
S.S.C.	2015	Mudhoji High School, Phaltan	S.S.C.Board	91.60

TECHNICAL SKILLS

- SQL
- Service-now
- AWS
- Toad for Oracle
- Postman
- Python

RESEARCH PAPERS

- Kulkarni, R., Dhavalikar, S., & Bangar, S. (2018, August). Traffic light detection and recognition for self-driving cars using deep learning. In 2018 Fourth International Conference on Computing Communication Control and Automation (ICCCUBEA) (pp. 1-4). IEEE.
- Grigorescu, S., Trasnea, B., Cocias, T., & Macesanu, G. (2020). A survey of deep learning techniques for autonomous driving. Journal of Field Robotics
- Gambi, A., Mueller, M., & Fraser, G. (2019, July). Automatically testing self-driving cars with search-based procedural content generation. In Proceedings of the 28th ACM SIGSOFT International Symposium on Software Testing and Analysis (pp. 318- 328).

TECHNICAL ACTIVITIES / TRAININGS

- AZ-104 Microsoft Azure Administrator Certification 2023.
- Hands on experience on assembly and disassembly of power transmission system of Baja ATV.
- Design and manufacturing of power transmission system of Baja ATV.

ACHIEVEMENTS & AWARDS

- Awarded as X-celerate warrior at Tata Consultancy Services.
- Awarded as a '**Best project work**' for the project **Automatic braking system** in Diploma.
- Rank 1st in diploma in mechanical engineering department in CWIT.
- Awarded as Mrs. Asha Patankar gold medal prize for securing maximum marks in Diploma.
- Inspire award of District Level Science Exhibition.

INTERNSHIPS

- One-month Industrial training at **Borawake Honda, Phaltan.**

INTEREST & HOBBIES

- Visit to Historical Places
- Trekking
- Watching technical videos on YouTube

PROFESSIONAL SKILLS

- English/Hindi/Marathi communication skills.
- Good Team Player.
