Aspiring Business Analyst | Skilled in Market Research, UX Analysis & Data Visualization

Detail-oriented final-year Pharmacy undergraduate with hands-on experience in business consulting and analytics. Passionate about solving complex business problems through data, user research, and stakeholder collaboration. Currently transitioning into IT as a Business Analyst with practical exposure to real-world consulting environments, virtual simulations, and market analysis.

CORE COMPETENCIES

- Business Analysis: Requirements Gathering, Process Optimization, Stakeholder Communication, User Stories, Strategic Thinking
- Data & Visualization Tools: Power BI, Tableau, Advanced Excel, MS Word, PowerPoint
- Research & Strategy: Market Research (Primary/Secondary), Competitive Analysis, UX Evaluation, Benchmarking
- Project Collaboration: Cross-functional Teamwork, Time Management, Presentation Skills
- Soft Tools: Notion AI, ChatGPT, Perplexity AI

RELEVANT EXPERIENCE

- Business Consulting Intern

Excelerate | Feb 2025 – Mar 2025

- Conducted UX research on 10+ platforms, identifying usability gaps and recommending improvements that boosted engagement by 25%.
- Benchmarked 15+ competitors to assess industry trends and supported strategic decision-making with actionable insights.
- Collaborated with BI and marketing teams to evaluate process automation, resulting in 3 workflow optimizations that improved operational efficiency by 30%.
- Created reports and executive presentations for stakeholders, enhancing communication and alignment across departments.

- Virtual Internship: Data Analytics & Visualization

Accenture North America (via Forage) | Jan 2025

- Executed data cleaning, modeling, and insight generation for a simulated client case.
- Prepared a client-ready report with business insights and actionable recommendations.
- Gained experience in data storytelling and aligning analytics with client needs.

PROJECTS

- Requirement Document – Pharmacy Inventory Management System (Self-Project)
 - Drafted Business Requirement Document (BRD) and Functional Requirement Document (FRD)
 - Outlined user stories and created mock process flow diagrams
 - Identified key stakeholders and developed a stakeholder communication plan
- Power BI Dashboard – Sales & Inventory Report (Mock Project)
 - Built a dashboard using sample retail data to track product performance, sales trends, and low-stock alerts
 - Added slicers, KPIs, and filters to enable interactive business reporting

CERTIFICATIONS

- Masterclass: Healthcare IT & Management 2.0 – Udemy | 2023
- Tata Crucible Campus Quiz 2023 – Certificate of Participation
- Startup Prerna 2024 – National-level startup showcase participant
