## Education

**National Institute of Technology Kurukshetra**, Kurukshetra

**2024**

→ **B.TECH.** in **Production and Industrial Engineering**

**CGPA: 8.36**

**Gita Niketan Awasiya Vidyalaya (XII)**, Kurukshetra

**2019**

→ **CBSE (PCM with English and Multimedia and Web Technology)**

**Agg: 90%**

**Gita Niketan Awasiya Vidyalaya (X)**, Kurukshetra

**2017**

**CBSE (English, Hindi, Mathematics, Science, Social Science, Sanskrit)**

**CGPA: 10**

## Work Experience

**Graduate Engineer Trainee (Supply Chain Analyst)- SKH SMC BINOLA** | OCT, 2024 - PRESENT

- **Ensured 98% on-time reporting** accuracy by **analyzing procurement trends** and streamlining **data workflows** to support uninterrupted production operations.
- **Owned and deployed** automated procurement and inventory dashboards using SQL & Power BI, reducing manual reporting time by **30%..**
- **Led a quality improvement initiative**, reducing inventory mismatch by **15%** and increasing PO processing speed by **25%..**
- Managed **daily program reviews** on GRN, PO aging, and fill rates with cross-functional teams (SCM, Quality, Finance).
- Delivered actionable insights to senior management, contributing to cost-saving decisions impacting overall supply chain efficiency.

**Data Analyst Intern - Curaxo Healthcare LLP** | JAN, 2023 - JUNE, 2023

- Analyzed and maintained databases with **100,000+ records**, resolving **50+ data quality issues** and improving accuracy by **30%**.
- Delivered **weekly performance decks** with actionable insights, enabling **15% faster leadership decisions**.
- Collaborated in **10+ cross-functional meetings**, supporting strategic initiatives and completing **100% of assigned tasks** on time.

## Personal Projects

**Hotel Business Insights**

Aug, 2023

- **Excel | Power BI**
- Analyzed **119,390+ hotel booking records** using Excel and Power BI, uncovering seasonal trends and customer behavior insights that informed strategy for **2 hotel types across 12 months**.
- Identified a **77.4% cancellation rate** for bookings with **11–12 months lead time** and up to **65% for stays over 3 weeks**, driving recommendations for policy changes and promotional offers.

**Chat Analyzer**

Oct, 2023

- **Python (Streamlit) | Pandas | Matplotlib**
- Built a WhatsApp Chat Analyzer in **Python** (Streamlit), delivering conversational insights on **emoji usage, top words, and activity patterns from 10K+ messages**.
- Visualized chart statistics with **Matplotlib**, including metrics like **total messages, top users, and most active days**.

## Skills

**Analytics & BI Tools:** SQL, Power BI, Tableau, Excel (VLOOKUP, PivotTable, Dashboarding), MS Suite, SAP

**Programming & Libraries:** Python, Pandas, Numpy, Matplotlib, Streamlit

**Business & Operations:** Project Management, Supply Chain Optimization, Process Improvement, Operational Efficiency, Program Execution

**Soft Skills & Collaboration:** Stakeholder Management, Vendor Coordination & Negotiation, Leadership, Cross-Functional Collaboration, Category Quality,

**Execution & Problem-Solving:** Critical Thinking, Ambiguity Handling, Adaptability, Fast Learning, Root Cause Analysis

## Certificate

- Google Analytics Certificate: Google
- Complete Data Analyst Bootcamp: Udemy
- Python for Beginners: Udemy
- Microsoft Excel: Coursera

## Achievements

- Tackled over **300+ questions** on [LeetCode](#) / [GeeksforGeeks](#) / [Coding Ninjas](#).
- Secured **1st rank** in the Inter-NIT Basketball Tournament.
- Secured **1st place** in the regional round of **ROBO-ZEST '18** at IIT Guwahati, showcasing technical expertise and problem-solving skills in robotics.
