

Year	Degree / Examination	Institution / Board / University	CGPA / Percentage
2025	B.Tech. (Civil Engineering)	Indian Institute of Technology, Roorkee	5.976
2020	Intermediate (Class XII), CBSE	Vidya Niketan, Danapur, Patna, Bihar	87.8%
2018	Matriculate (Class X), CBSE	St. John Res Pub School, Patna, Bihar	92.4 %

WORK EXPERIENCE

Bhoomicam Pvt. Ltd. | Data Analyst | (Sep 2022 – Dec 2024)

- Engineered scalable analytics dashboards visualizing key performance indicators, providing actionable metrics for optimizing agricultural financing, and resulting in a 20% increase in platform engagement from banking and insurance partners.
- Built scalable dashboards and KPI tracking tools that provided actionable metrics (e.g.,ROI for AgriFinance), driving a 20–30% increase in platform engagement from banks and insurers, while supporting product development and go-to-market strategies.
- Utilized SQL to analyze large datasets, extracting actionable insights that supported product development and go-to-market strategies.

PROJECTS

Autonomous Vehicle Design | Data Science Project | (May 2024 – Jul 2024)

- Designed and trained YOLOv8-based object detection models using a hybrid dataset combining RoboFlow and a custom-built Canadian Vehicle Dataset (CVD) with 10,000+ annotated images across 11 object classes.
- Applied transfer learning to improve object detection in diverse weather conditions (snow, rain, fog, nighttime), achieving up to 91% car detection accuracy and significantly enhanced mAP, precision, and recall scores.
- Integrated weather condition data into self-driving car model, which reduced false positives by 15% and misidentification by 18%, leading to safer autonomous driving for all.

Computer Application in CPM | Prof. N.K. Samadhiya, IIT Roorkee | (Feb 2024 – May 2024)

- Developed a data-driven application for construction planning with a team, integrating real-time data and predictive analytics to optimize scheduling, resource allocation, and risk management by 25%.

BhoomiFresh | Data Analytics Project | (Aug 2023 – Oct 2023)

- Analyzed geospatial and user interaction data on the Bhoomifresh platform to enhance location-based search algorithms, leading to a 25% improvement in buyer-seller connectivity and more accurate vendor discovery.
- Delivered actionable insights through data-driven user behavior analysis, boosting engagement with organic vendors by 30% and driving continuous improvements in platform UX and feature relevance.

Bhoomicam Webtool | Bhoomicam Pvt. Ltd. | (Jul 2023 – Sep 2023)

- Enhanced data collection efficiency and enabled real-time analysis to support improved, data-driven agricultural practices.
- Utilized SQL to query large datasets and generate insightful reports on crop health trends and environmental shifts.

TECHNICAL SKILLS

Computer Languages	• MySQL, Python, C++
Software Packages	• MS Excel, Tableau, Power BI, Figma, Notion
Certifications	• Data Science & Analytics (GFG) • Economics(HSS-02), IITR

ACHIEVEMENTS

- Won Gold in Apocalypse, Thomso’23, IIT Roorkee
- 1st Position in Design Different, Inter IIT Civil Conclave 2024
- Obtained Silver Medal in Valorant, Intra-Bhawan Sports Tournament
- Obtained Silver Medal in Intra Civil Sports Tournament, Eklavya
- Obtained A grade in Scouts Program
- Bronze in Intra Branch Football League, IIT Roorkee

EXTRA CURRICULAR

Head of Operations | IITR Esports | (Jan 2024 – Sep 2024)

- Innovated cross-functional team management and showcased real-life analytical troubleshooting skills by creating a platform that reflected the agile and growth-oriented and engaging nature of the esports community at IIT Roorkee.
- Spearheaded the design of a vibrant online environment reflecting real-time interactions in the IIT Roorkee esports scene, earning recognition as one of four exemplary projects selected for campus-wide innovation showcase.

Design Head | Rajiv Bhawan Council, IIT Roorkee | (May 2022 – May 2023)

- Orchestrated weekly performance reviews for the Tech Support Team, identifying key improvement areas that boosted individual productivity by 20% and established a culture of continuous improvement within the department.

Coordinator | Cogniance, IIT Roorkee | (Mar 2023)

- Implemented Results-driven leadership and Structured task prioritization by coordinating an event that involved over 200 participants.
