EDUCATION

Indus University
Bachelor of Computer Application

Ahmedabad
Aug. 2022 - Jun 2025

EXPERIENCE

Next.js Intern

Jan 2025 – Mar 2025

Skillspeer

Ahmedabad

- Developed a REST API using FastAPI and PostgreSQL to store data from learning management systems
- Participated in weekly mock interviews and assessments with 90%+ accuracy in technical rounds.
- Collaborated with a remote team using Git and GitHub, resolving 10+ issues and pull requests.

Intern Engineer

Summer 2024

Qspider

Ahmedabad

- Completed 120+ hours of intensive training in Java, SQL, HTML, CSS, and JDBC.
- Built 2 mini-projects applying backend logic and database integration using SQL and Java.
- Participated in weekly mock interviews and assessments with 90%+ accuracy in technical rounds.

PROJECTS

Streaming Analytics | Power BI, Power Query, DAX, Excel

Jun 2025

- Built an interactive Power BI dashboard analyzing 8,000+ movie and TV titles across Netflix and Prime Video, highlighting platform-wise trends, ratings, and genre performance.
- Designed 2 customized dashboards (Netflix & Prime) with dynamic page navigation, 10+ slicers, and OTT-themed UI to enable targeted exploration.
- Emphasized performance storytelling for stakeholders like product managers, marketers, and business analysts.

Sales Analysis Dashboard | Power BI, Power Query, DAX

May 2025

- Created a one-page Power BI dashboard to analyze sales data for 1,849 products and 800+ customers across multiple regions and customer segments.
- Cleaned and transformed raw Excel/CSV files using Power Query; engineered 10+ DAX-based KPIs including Total Sales, Profit, Quantity, and Customer Count.
- Designed a streamlined dashboard layout with interactive slicers for Product, City, Segment, and Time period enabling real-time exploration and quick filtering.
- Empowered business stakeholders to make data-driven decisions by providing a concise, high-level overview of sales performance and growth opportunities.

Deloitte - Data Analytics Job Simulation | Microsoft Excel, Data Visualization Tools, PowerPoint

Jun 2025

- Cleaned and analyzed a dataset with 3,000+ sales records to identify top-performing products, underperforming categories, and seasonal trends.
- Created an executive-ready data presentation with 6 key visualizations (bar charts, trend lines, segment comparisons) to support revenue-driving decisions.
- Practiced client communication, slide deck preparation, and business insight delivery in a structured Deloitte-style consulting format.

Tata - GenAI Powered Job Stimulation | Generative AI, Python, AI Ethics, Excel, PowerPoint

Jun 2025

- Analyzed a dataset of 1,500+ customer records to uncover patterns in churn, sales performance, and customer segments.
- Created a data dashboard mock-up using PowerPoint and charting tools, focusing on 5+ key KPIs relevant to customer engagement.
- Demonstrated skills in data storytelling, problem-solving, and executive-level presentation of analytics findings.

Tata Insights & Quants | Microsoft Excel, Data Visualization Tools, PowerPoint, Business Analysis

Jun 2025

- Designed a dashboard wireframe using PowerPoint, highlighting 5+ key metrics such as churn rate, monthly sales, regional performance, and customer lifetime value.
- Applied principles of clean design, clarity, and KPI prioritization to ensure that the dashboard aligned with executive decision-making needs.
- Delivered a data storytelling pitch aimed at helping managers take action on underperforming segments and untapped growth opportunities.

TECHNICAL SKILLS

Languages: Python, SQL (Postgres), JavaScript, HTML/CSS, R

Frameworks: Power BI, Power Query, DAX, React.js, Next.js, Tailwind CSS

Dev Tools: Git, Google Cloud Platform, VS Code, Visual Studio, PyCharm, IntelliJ, Eclipse

Libraries: pandas, NumPy, Matplotlib
