

SHIVANI PEMBARTI

Koparkhairane, Navi Mumbai |
+91 9867589705 | pembartishivani@gmail.com

I'm passionate about technology and problem-solving, with experience in programming, and data analysis. Proficient in Java, Python, and SQL, and skilled at turning complex information into practical, impactful solutions. Continuously exploring new tools and ideas to grow in the evolving world of software and data. I'm especially motivated by opportunities that challenge me to think critically, and contribute to technology that makes a real impact.
