INTERNSHIP

B B Advisory Market Analyst Intern	Remote April 2024 – June 2024
- Delivered pre-trade analysis on equities, commodities, and derivatives to support informed trade execution. - Assessed portfolio performance using risk-return metrics, market trends, and asset correlations. - Delivered insights that guided rebalancing decisions, reducing volatility exposure by 18%.	
Interny Pvt Ltd Data Analyst Intern	Remote March 2024 – May 2024
- Processed and analyzed large datasets (e.g., Zomato restaurants, credit card fraud cases) to extract business insights. - Automated data cleaning workflows, improving accuracy and reducing manual effort by 30%. - Designed executive dashboards to highlight KPIs and anomaly patterns, enhancing real-time decision-making.	

PROJECTS & SIMULATIONS

J.P. Morgan Investment Banking	March - May 2025
- Built a DCF model to estimate firm valuation based on projected 5-year free cash flows and terminal value. - Conducted sensitivity analysis and scenario modeling to evaluate risk and strategic investment decisions. - Forecasted 9.3% CAGR in revenues, resulting in a further growth and profits.	
Personal Finance Dashboard	April 2024
- Built an interactive dashboard to monitor 1,200+ financial transactions over two years. - Identified expense trends, reducing discretionary spending by 15%. - Used DAX and Power Query to automate monthly updates and insights.	
Excel Dashboard	February 2024
- Designed a dashboard tracking KPI metrics: accident count, severity index, and seasonal variation. - Identified 60% of urban road accidents and a 15% seasonal spike, supporting policy suggestions.	
IBM Data Visualization using Excel & Cognos	November 2023
- Designed dynamic Excel dashboards with pivot tables and slicers, identifying top-selling models and 20%+ variation in recall rates across five vehicle brands. - Built a multi-page Cognos Analytics dashboard analyzing over 6,000+ sales records and \$8.1M in profit, visualizing KPIs by model, dealer, and region.	
TATA Data Visualization using PowerBi	September 2023
- Processed 25,000+ rows of multiregional data to identify underperforming products and sales zones. - Enabled region-specific marketing actions after uncovering a 10–15% sales dip in selected segments.	

EXTRA-CURRICULAR

- Participated in District Level Basketball Competition in 2018
- Participated in 2nd International Management Conference & acted as an Invitation and Brochure committee member
