SUMMARY

Data enthusiast with a Master's in Computer Application and hands-on experience in Python, SQL, and machine learning. Proficient in analyzing complex datasets, building interactive dashboards, and applying statistical models to drive business insights.

EDUCATION

Bachelor of Computer Application , MGM University – Aurangabad, 8.5 CGPA	2020- 2023.
Masters of Computer Application – Data Science , Tilak Maharashtra Vidhyapeeth - Pune	2023- 2025

Work EXPERIENCE

Data Analyst Intern S4S Technologies Pvt.Ltd Jan 2023 – Jun 2023, *Aurangabad.*

- Worked on real-world product and business data using Advanced Excel (Power Query, PivotTables) and MySQL to extract, clean, and transform datasets for reporting and analysis.
- Designed and built dynamic Power BI dashboards to present KPIs, product performance, and customer behavior, supporting data-driven decision-making.
- Assisted in the adoption of Generative AI tools to automate parts of the analysis process, speeding up reporting and improving efficiency.
- Collaborated with multiple departments to gather requirements and deliver actionable insights that influenced strategic decisions.
- Performed regular data audits and validation checks to ensure accuracy and consistency across Excel and SQL-based data sources.

SKILLS

Programming Languages: HTML, Python, R, Java (Beginner).

Machine Learning: Regression, Classification, Clustering, Predictive Modeling.

Database and Language: ETL, MySQL, SQL Server, SSRS, SSIS, NoSQL, MongoDB, Hadoop, Data Warehousing.

Frameworks: Working experience in Numpy, Matplotlib, Scikit-Learn, TensorFlow, NLP.

AI and Tools: Gen AI, Power BI, JIRA, Advance Excel.

Soft Skills: Collaboration, Communication, Time Management.

PROJECTS

Smart-Watch-Analysis- [GitHub](#) - is a data-driven project that analyzes smartwatch sensor data to uncover insights on user activity, health patterns, and behavior trends.

McDonald-s-Nutrition-Facts- [GitHub](#) - s a project focused on analyzing the nutritional values of McDonald's menu items to explore calorie distribution, ingredient impact, and healthier meal options.

CERTIFICATIONS

- | | |
|---|---|
| • Google Analyst for Beginners at Google. | • Data Analyst Essential by Cisco. |
| • Generative AI by Microsoft and LinkedIn | • AWS Cloud Practitioner Essentials at Coursera. |
| • Project Management Foundations: Teams. | • Artificial Intelligence on Microsoft Azure at Coursera. |

ACHIEVEMENTS & EXTRA-CURRICULAR ACTIVITIES

- Certificate to participated in the Soft Skills Training conducted by INFOSYS BPM LTD.
- Contribution in organizing AIU-All India Inter-University Soft Tennis (M/W) Tournament

LANGUAGE - English, Hindi, Marathi. **HOBBIES** - Sports, Gamming, Travelling.
