Education

Vellore Institute of Technology (VIT)
Electronics and Communication Engineering
CGPA: 8.90/10

2021–2025

Technical Skills

Programming Languages: Python, SQL

Data Analysis & Visualization: Data Cleaning, EDA, Data Visualization, Power BI, Excel

Database Management: MySQL

Software Development: Object-Oriented Programming, REST API (Flask), Data Structures and Algorithms

Tools & Technologies: Git, GitHub, Version Control, Agile Methodologies

Soft Skills: Collaboration, Teamwork, Problem solving

Personal Projects

Customer Churn Analysis

Tools: Python, Excel

2025

- Performed exploratory data analysis on telecom customer data to uncover key churn indicators.
- Identified service usage patterns and contract types commonly associated with churn, supporting improvements in customer retention strategy.
- Delivered actionable insights that helped inform customer engagement policies and business decision-making.

Sales Analytics

Tools: Excel, SQL

2025

- Developed an interactive KPI dashboard to identify peak sales hours and optimize promotional efforts.
- Conducted sales trend analysis that supported improved supply chain efficiency and inventory management decisions.

Hospitality Analytics

Tools: Power BI (Power-Query, BI Desktop)

2025

- Built a dynamic Power BI dashboard to analyze revenue trends and improve customer targeting strategies.
- Used DAX and data modeling to uncover loyalty patterns and inform enhancements to the loyalty program.

Leadership and Experience

Coordinator, IEEE Student Chapter

2023–2024

- led 60% to event operations, increased participation, and fund raising.
- Managed participant coordination and activity planning to ensure smooth execution.

Interests

Travel Exploration, Indian Culinary Arts
