 Location: Mumbai

SUMMARY

Enthusiastic and detail-oriented final-year BSc Computer Science student with a strong foundation in software development, data structures, and problem-solving. Experienced in web development, Python programming, and real-time system simulations. Successfully worked on projects like an Intelligent Traffic Management System, an Online Grocery Shop, and a Notepad application using Python. Passionate about learning new technologies and applying innovative solutions to real-world problems. Seeking an opportunity to leverage technical skills in a challenging and dynamic environment.

SKILLS

- Programming Languages: Python, C, C++, HTML, CSS
- Tools: Database Management
- Soft Skills: Leadership, Time Management, Communication Skills, Critical Thinking, Problem-Solving

PROJECTS

Traffic Management System

- Developed a real-time traffic monitoring system to optimize vehicle movement.
- Technologies used: Java, React, MySQL.

Online Grocery Shop

- Built a mobile e-commerce app with cart management and secure checkout
- Technologies used: Java, Flutter, Firebase

Notepad Application

- Created a simple text editor with basic file operations and customization features.
- Technologies used: Python, Tkinter.

EDUCATION

Bachelor of Science, Computer Science

Kirti M. Doongursee College of Arts,
Science and Commerce

Excepted by 2025

ADDITIONAL INFORMATION

- **Languages:** English, Marathi, Hindi.
- **Hobbies:** Playing Cricket & Chess, Reading .
