

BODDU ASHOK REDDY

✉ ashokr13460@gmail.com | 📞 +91 7036425354

📍 R. Kotha Palli, Andhra Pradesh

Career Objective

Motivated and detail-oriented Electronics and Communication Engineering student with hands-on experience in machine learning, Python programming, and sensor-based systems. Seeking to contribute to data-driven decision-making and predictive analytics using ML and GenAI tools.

Education

Bachelor of Engineering in Electronics and Communication

Sathyabama University, Chennai | CGPA: 8.71 | 2021 – 2025

Intermediate (M.P.C)

Sri Sadhana Junior College, Cumbum | CGPA: 8.33 | 2019 – 2021

Secondary Education (10th Grade)

Alpha High School, Cumbum | CGPA: 9.8 | 2018 – 2019

Projects

Predictive Modeling of Customer Holiday Bookings

Tools: Python, Pandas, scikit-learn, Random Forest

- Analyzed 50,000+ customer records to predict holiday bookings using Random Forest Classifier.
- Performed feature engineering (e.g., purchase lead, time of day).
- Achieved 86% accuracy, highlighting class imbalance with low recall (10%) on bookings.
- Proposed improvements: SMOTE resampling, deeper personalization.

Early Detection of Milk Spoilage using Arduino

Tools: Arduino IDE, MQ135 Sensor

- Built a gas-sensor-based system to detect ammonia levels in spoiled milk.
- Achieved consistent differentiation between fresh and spoiled milk samples.
- Highlighted need for sensor refinement for accuracy enhancement.

Design of Microstrip Antenna for Dental Applications

Tools: HFSS Software

- Designed compact, ISM band antenna for pediatric dental biosensing.
- Focused on non-invasive diagnostics, real-time data, and wireless integration.
- Investigated impedance matching and optimal feeding techniques.

Technical Skills

Languages: Python, SQL, OOP

Tools & Libraries: Pandas, NumPy, scikit-learn

Domains: Machine Learning, Data Science, Sensor Integration

Software: HFSS (High-Frequency Structure Simulator)

Networking: Basics of Networking & Data Communication

Certifications

- Coursera: Programming for Everybody (Python)
- Cisco Networking Academy: Data Analytics Essentials
- Simplilearn: Introduction to SQL

Internships

- Codsoft Internship – Python Programming (2024)

Research Publication

- IEEE Conference: Compact and Biocompatible Microstrip Antenna for Non-Invasive Dental Biosensing

Soft Skills

Communication • Leadership • Problem Solving • Adaptability

Hobbies

Traveling • Gardening • Cooking
