Soft Skills: Communication, Interpersonal skills, Teamwork, Problem Solving, Critical Thinking, Decision Making.

Business Analytics & Operations: Data Modeling, Data Mining, Supply Chain Analysis, Decision Support System.

WORK EXPERIENCE

HCL TECH
Software Developer Trainee

Jan 2023 - July 2023
Noida, India

- Designed and implemented user interface templates for major cloud platforms, including AWS, Google Cloud Platform (GCP), Microsoft Azure, and VMware. These templates streamlined the user experience, making it easier for customers to interact with the cloud environments
- Collaborated on developing and integrating Web Services APIs to enable seamless communication between cloud-based applications and servers, improving overall system performance and scalability.
- Built virtual machine (VM) clones of Amazon Web Services (AWS), Microsoft Azure, and Google Cloud Platform (GCP), replicating their functionalities. This enabled testing and development in simulated environments, preparing clients for real-world cloud deployment.

PROJECTS

Text to SQL Query

Jan 2025 – Present

- Designed a Streamline-based web app leveraging Google Gemini AI to convert natural language queries into SQL, integrating SQLite and Excel datasets for AI-driven query processing.
- Streamlined data retrieval from a dataset consisting of over 30,000 rows, enhancing the efficiency of data analysis and allowing users to process queries swiftly.

Zomato Orders Analysis Dashboard

Oct 2024 - Dec 2024

- Built an interactive Zomato Orders Analysis dashboard in Power BI, leveraging DAX for metrics like total sales, average order value, and customer ratings, with filters and sales trends, highlighting a 2018 sales peak.
- Delivered actionable insights into order quantities and sales across food categories, enhancing decision-making through data-driven analysis.

FAKE REVIEW DETECTION

Dec 2022 -Mar 2023

- Our system tracks IP addresses to identify suspicious activity and uses machine learning to detect patterns in review posting behavior.
- It applies opinion mining to analyze the content of reviews, uncovering fake feedback and ensuring more trustworthy user reviews.

LEADERSHIP EXPERIENCE/EXTRACURRICULAR

- Served as the Hostel Committee Head at PSIT Kanpur.
- Sports Coordinator
