 - Worked on Ingress 2.0, a data analytics tool to improve its UI, loading time and response optimization, using Angular framework and other technologies.
 - Studied and improved existing scripts to reduce processing time by 50%, for data stored in MongoDB and MySQL, to be downloadable by user in the form of CSV, Excel files.

PERSONAL PROJECTS

- **Moviestar : Movie Recommendation Analysis** [Link](#)
 - Tech Stack: NumPy, Pandas, Jupyter Notebooks, Data Analytics and Visualization
 - Developed a Movie Recommendation model with 92% accuracy using Collaborative Filtering, a Machine Learning technique
 - Used Python libraries to gain insights from reference dataset with around 1000s of rows and columns taken from Kaggle.
 - Aimed to provide personalized movie suggestions to users based on their preferences and ratings, enhancing the user experience in selecting movies to watch.
- **CriTeam : Cricket World Cup best XI** [Link](#)
 - Tech Stack: MS Excel, Data Analysis, Cleaning, Data Visualization, Basic PowerBI
 - Best XI players combined team, from countries based on extremely well performances in different departments during T20 Cricket World Cup 2022.
 - Project can be used by different online betting companies and people who bet using these platform.

SKILLS

- **Programming Languages:** Python, SQL
- **Libraries / Frameworks:** Matplotlib, Pandas, NumPy
- **Tools / Platforms:** MS Excel, Jupyter Notebooks, Power BI, Github
- **Databases:** MySQL, MongoDB (Basics)
- **Fundamentals:** DBMS

CERTIFICATIONS

- **Data Science and Analytics** - Golden Gate University and UpGrad.
- **Databricks Certified** - Data fundamentals.
- **Principles of Management** - IIT Kharagpur.
- **SQL** - HackerRank.

ACHEIVEMENTS

- **Research paper titled "Energy Economics: Unraveling the Ties Between Oil Markets and Macroeconomic Signals":** accepted, approved and to be published soon in October 2025 by SPRINGER.
- **Qualified GATE 2024 -:** Computer Science
- **City-Level Aptitude Challenge Winner:** Organized by NIE- The Times of India.
- **Received Letter Head signed by Vice Chancellor of University:** for contribution in Helpdesk Portal Initiative by our UCC and DA Cell team during COVID.
- **Awarded with 1st Prize in All-India Photography Contest 2023, organized by The Spectrum Club:** a Photography Club of Punjab Engineering College, Chandigarh.
- **Won several prizes and among Top 3 Athletes from:** 2006 to 2020
- **Ex-senior member at UCC and DA Cell(Digital Cell) and Ex-designing head at IIC - Institutions' Innovation Cell.:**
